THE CARNIVAL OF NATIONS!

Big Home Talent Show in the Armory.

BENEFIT OF HOSPITAL

Bellefonte's Society People do Funny Stunts for Sweet Charity's Sake and to Help a Worthy Institution.

ALL NATIONS ARE REPRESENTED HERE

The Great Midway and Carnival of Nations opened in the Armory Tuesday night to big business. From the time the doors opened until the close there was one continual jam of people. The unanimous opinion of all present was that it was the greatest home talent show ever given in Bellefonte and the Bellefonte Hospital for whose benefit it was arranged will realize a nice sum from it. The Midway will close Friday night with the crowning of the Queen of the Midway and the interest in the contest for this honor is increasing at a rapid pace,

The interest in the Midway which has been going on ever since, it was first thought of reached its heighth Tuesday night when the big parade which preceded the show started from the Armory.

THE BIG PARADE.

The streets along the route of parade were lined with people who manifested their delight and pleasure by continued applause. The parade was headed by "Uncle Sam" driving his old white horse. Our poet friend of the west ward William T. Speer represented Uncle Sam to perfection. His make-up and general appearance was fine and he made a hit all along the route. Then came the Coleville band, Company B, Logan and Undine Fire Companies, Automobiles of John S. Walker, Dr. Hayes, A. C. Mingle, Red Men in native costume, beautiful maidens of all nationalities including Indians, Dutch, Irish, Japs, etc., the fools dancers and Crider's and Lyon's automobiles. It was a great parade and will be repeated Wednesday evening only.

THE GREAT MIDWAY.

The Midway opened immediately after the parade and the crush to get in was something fierce. It kept the ticket sellers and doorkeepers hustling to sell and gather in the tickets.

As you enter the armory you behold a veritable Worlds Fair and you are reminded of St. Louis or the Pan-American. All along both sides are booths representing different nations and you are struck with the immense amount of work necessary to get up such an affair. We will try to describe them as we saw them. First on your right is the Japanese village and tea garden. It is very beautiful and attractive, you can sit here and sip tea and imagine you are in a grove in far off Japan. Mrs. Edward Irwin is in charge of this booth with the following assistants, Misses McCurdy, Miss Ione Donachy.

Next comes the Dahomey Village with George Meek, Hard and James Harris in charge. This is the funniest show in the place but it would spoil it if we told you what was there As a first class barker George Meek and Hard Harris have the balance of the profesh skinned a mile.

The British Village is next in line with its famous Red Lion Inn named for the old inn that once stood where the Hastings Mansion now is. This is a fine exhibit and showed a great deal of work in preparation. Those in charge are Mrs. Burnett, Miss Mary Linn and Miss Elizabeth Blanchard.

About this time you are ready for the Italian Garden one of the most artistic buildings on the ground and here you can refresh yourself with ice cream and other delicacies. Mrs. J. Thomas Mitchell, Mrs. J. H. Lingle, Mrs. J. L. Spangler, Mrs. Ellis L. Orvis, Mrs. James B. Lane, Mrs. Harry E. Fenlon and Mrs. Joseph Ceader have charge here.

The committee in charge of the stage is composed as follows: Mrs. D. H. Hastings, Mrs. John Lane, Mrs. Mollie Valentine.

On the left hand side as you go in you will find transported from New York a veritable roof garden in charge of Mrs. Emil Joseph with Mrs. A. Katz and Mrs. Samuel Lewin as assistants. It costs ten cents to see this entertainment which consists of singing and dancing specialities that are up-to-date. It is also very cleverly arranged inside.

Next is the Indian Village where all kinns of Indian curio's are to be seen. Including a Rogue's Gallery which excited much sport. This exhibit is in charge of Mrs. M. J. Locke, Mrs. J. Will Conley, Mrs. Harry Valentine, Miss Annie Valentine, Mrs. S. D. Ray, Mrs. L. A. Schaeffer, Mrs. W. R. Jenkins and Mrs. Harry Jenkins.

Last but not least is the Dutch Village where you will see the old fashioned Dutch wind mill. Then there are little rooms where you are served with cooling drinks and can gaze upon dutch furniture of ye olden days. This is in charge of Mrs. M. B. Garman, Mrs. H. T. Kurtz. Mrs. R. S. Brouse, and Mrs. C. M. Bower

The Executive Committee who are at the head of the entire undertaking are Mrs. Elizabeth Calloway, Miss Mary Meek and Miss Mary Blanchard.

On the stage at fifteen minute intervals a very clever vaudeville show is given. George T. Bush in stentorian tones announces the different numbers through a megaphone. First came an Indian Village during which Miss Miriam Lewin gave a very graceful little Indian dance, which was heartily applauded.

Miss Lillian Cryder, of Pittsburg, who is visiting her aunt, Mrs. Edward Irwin established herself as a favorite by her clever dancing and by an exhibition with the dumb bells. We have seen lots of professionals who could not do better.

Miss Louise Callaway sang very sweetly a solo that earned for her the hearty applause of her hearers.

Miss Miriam Wallach, of New York City, who is the guest of Mrs. Joseph sang very cleverly during the evening and made a decided hit.

One of the best of the specialties was a very pretty dance participated in by eight girls led by Miss Jane Harris Then there was the Dutch dance, Fool's dance and the little German band. The band was led by Louis Doll and was the funniest thing imaginable. In the German band were Louis Doll, Mike Hazel, John Blanchard, Henry Quigley, Charles Moersbacher, Harry Keller, William Runkle, and Harry Fenlon.

Altogether it is a great show and must be seen to be appreciated.

An Agreeable Surprise.

We clip the following from the Mifflinburg Times of August 18th.

The Editor and family were agreeably surprised on Saturday evening, when Mr. A. C. Mingle and daughter, Miss Roxy Mingle, of Bellefonte, arrived in town. They were returning from Philadelphia, where Mr. Mingle, who is an expert Chaffeur, had purchased a fine automobile and they were taking the machine home.

Thirty-three years ago Mr. Mingle was employed by the Editor of the Times on Der Centre Berichter, at Millheim, and boarded with the family. A gentleman, in every respect, young as he was, prompt, reliable and trustworth, when his time expired he took with him the best wishes, esteem and respect of the entire family and it goes without saying that we were glad to see him and his charming daughter.

Mr. Mingle forsook the printing business and went into merchandise, finally settling to the retail shoe business. He is one of Bellefonte's most prominent business men, having the leading shoe business and taking an active part in all matters of interest to the public.

A delightful evening was spent, first in the auto and later at the home of the Editor. Sunday morning they started for Bellefonte between seven and eight o'clock, arriving there shortly after 12 o,clock noon. Mr. Harry A. Bibighaus accompanied them as far as Centre Hall, returning by train Monday morning.

TAYLOR FOR CONGRESS.

Democrats Name Him at DuBois Conference.

The Democratic conference of the Twenty-first Congressional District was held at DuBois Monday afternoon and Hugh S. Taylor, of Centre county was nominated on the fourth ballot. The vote was nine for Col. Taylor and three for W. D. Hagerty of Clearfield.

This means the defeat of W. C. Heinle, of Centre for State Senate and the nomination of George Dimeling of Clearfield, as Centre can't expect to get both nominations.

JEROME ON BOSSISM

Gives Statement When Tammy Leaders Declares for Hearst

DOESN'T WANT SUPPORT

Declares When a Person Advances Dollars to Secure a Nomination it is Easy to See Where Murphy can be Found.

A FIGHT TO FREE THE PARTIES

New York, Aug. 22.—Charles F. Murphy, leader of Tammany Hall, said he had not observed any sentiment in Tammany for the nomination of District Attorney William Travers Jerome for governor by the Democratic state convention, but there was, he said, plenty of sentiment for W. R. Hearst. Mr. Murphy declared that he was not committed to any candidate, but it was the rule of Tammany to be guided by the sentiment of the organization, and he would be guided by it at the state convention. Mr. Murphy said the Tammany delegates to the convention would be bound by the unit rule.

District Attorney Jerome gave out the following statement:

"It is no surprise to me to find Murphy practically declaring for Hearst. The only reason for my taking an active part in politics this year is to carry on the fight of last year, which was a fight to free the people and parties from the domination of just such political panhandlers.

"'Birds of a feather flock together,' and when a person 'intellectually sterile, socially vulgar and morally obtuse' insults the decent people of the state, irrespective of party, by seeking the nomination of a political party by advancing dollars and not ideas, and by methods akin to those of the blackmailer, no thinking man could doubt where Murphy could be found.

"I should fear I had lost all my ideals if I found men of this type supporting me, except under absolute compulsion.

"Both the Democratic and Republican parties have long enough been disgraced and dominated by men of this type, controlling party organization.

"Party organization was created originally to render effective the will of the people. The servant has become the master, and the executive machinery, controlled by small groups of selfish and unusually corrupt men, has been used to deprive the people of the parties of their political freedom.

"The fight is not to destroy parties. Parties are essential to the proper working of our political institutions.

"The fight is to free the parties from just such men as Murphy. To deprive them of their control of the executive machinery, to restore it to the discharge of the functions for which it was created, the effective expression of the will of the people who compose the party. When this is done we shall have leaders and not bosses. We shall then have conventions of real delegates, seeking to determine whom the people want placed in nomination. We shall have candidates and public officers, in whose choice the people's voice has been potent, and who will feel that their responsibility is to the people and not to some political boss who created them."

Great Grangers' Picnic.

The 33rd Annual Great Grangers' Picnic Exhibition will be held at Williams' Grove, August 27th to September 1st, 1906. This is undoubtedly the largest and finest display of farm machinery held in the U. S. The beauty of the exhibit is that so much of it is running. Saw Mills, Shingle Mills, Threshing Machinery, Traction Engines and Ensilage Cutters galore are all shown in operation. Several herds of prize cattle will be on exhibition. The auditorium will be attractive as usual. During the day addresses by leading Grangers and Agriculturists. The Gubernatorial Candidates are expected on Wednesday and Thursday. Tuesday and Wednesday evenings, illustrated lectures by Frank R. Roberson; Thursday and Friday evenings, musical and literary entertainments by the best Chautauqua talent, Everything first class. Tickets good from August 22nd to September 5th, at low rates on all railroads. Consult your nearest ticket agent.

WANTED—A small second hand roll-top desk. Inquire at this office.

THE BOROUGH COUNCIL.

The Regular Semi-Monthly Session Held Monday Night.

On Monday evening the regular semi-monthly session of council was held with President Keller in the chair and the following members present; Kirk, Shuey, Seibert, Hamilton and Keichline.

The minutes of the previous meeting were read and approved. William Jenkins and John I. Olewine appeared for the Bellefonte Electric Company and presented their bid for lighting the streets for 1907. The matter of opening the bid was not taken up at this meeting.

Chairman Kirk reported putting cinder on East High street, north of Court house. Other repairs were made in different parts of town. Quite a lively tilt took place between Mr. Hamilton and Chairman Kirk both of the Street Committee. Mr. Hamilton claimed that Chairman Kirk had made repairs to East High street at considerable cost without consulting balance of Street committee or council. He also made the statement that the hauling of cinder on South Water street at a large expense had not been authorized by council. Dr. Kirk defended himself by claiming the repairs were absolutely necessary. He also claimed East High street repairs were authorized by council. The powers of different members of committees was thoroughly aired during the argument and the President ruled that the majority of a committee ruled the committee. No great expense should be contracted by a committee without consent of council.

An invitation was extended to the council to take part in the parade of the Centre Firemen's Association here on Thursday at 11 a. m. It was accepted.

A side walk was authorized to be built along the west side of the Public building—It will be built of stone. The fire and police committee was authorized to put down the walk at a cost of about $24.00

Since Dr. Kirk has filled in South Water street it is necessary to raise the walk in front of big spring or else lower the street again. The walk along Ardell's Lumber yard has already been raised which makes a bad and dangerous place. It was referred to Water Improvement committee with power to act.

The council has decided to charge $1.00 a car for all cars which are loaded on the Phoenix Mill siding.

Mr. Shuey raised objections to the obscene pictures on the various bill boards about town. He offered a resolution requesting the Burgess to have them removed. The resolution takes in obscene pictures of any kind and we think the public in general will approve the action of council in this matter.

Chairman Seibert of the water committee stated that the new fountain ordered to take the place of the old one which was removed from the Diamond when the Monument was dedicated would reach here about September 8th.

Altogether Monday night's session of Council was the warmest held for some time. The exciting colloquy between Dr. Kirk and Mr. Hamilton with President Keller as arbiter was kept up all the evening. Dr. Kirk tendered his resignation as Chairman of the Street Committee no less than six times but we failed to hear anyone move its acceptance.

The following bills were approved and orders drawn.

Died.

Mrs. Susan Graffius, died at the home of her daughter Mrs. Kate Leff, at Tyrone Saturday afternoon of a complication of diseases incident to old age.

Her maiden name was Miss Susan Clark. She was married to William Graffius, at Franklinville, April 9, 1848, and to the union twelve children were born, of whom the following survive: Mrs. Mary Young, Port Matilda; Mrs. Kate Leff, Mrs. Andrew Graffius, Tyrone; Mrs. John Tennis, Arch Spring; Mrs. Augustus Mulholland, Martin Graffius, Gallup, New Mexico; Nicholas and Robert Graffius, Spangler; Mrs. Robert Dickinson, Allegheny,

Funeral services were held Tuesday afternoon from the home of her daughter at Tyrone.

FIRE FIGHTERS ARE WITH US!

The Central Pennsylvania Firemen's Association.

HOLDING CONVENTION

One Thousand People Will be in Line of Parade on Thursday—Greatest Gathering of Fire Laddies Ever in Bellefonte.

THE TOWN HANDSOMELY DECORATED

This week promises to be one of the liveliest in the history of Bellefonte with the Central Pennsylvania Firemen's Association in convention here and the big Midway Carnival in the Armory there promises to be something doing every minute of the time.

Bellefonte is prepared to give the fire fighters and their friends a warm and hearty welcome and we hope their stay in Bellefonte may be an unusually pleasant one.

The decorations of buildings and private residences while not as plentiful as at the time of the Monument dedication yet are very handsome and attractive most of the building on the main streets being decorated.

The firemen began to arrive Tuesday night and by noon today she was crowded to her limits. The meeting lasts two days Wednesday and Thursday August 22nd and 23rd.

The central district is composed of the counties of Centre, Clearfield, Clinton and portions of Blair, Huntingdon, Union and Lycoming:

Not less than one thousand firemen will be in line the day of the parade Twenty companies have accepted the invitation to be present, and others are likely to do so. Each company will be accompanied by a band. The program includes the business meeting of the delegates in the court house Wednesday afternoon for the purpose of electing new officers, fixing the place of meeting next year and transacting any other business that may come before the meeting.

The meeting in the Court house was called to order at 1 o'clock and presided over by President John McSuley. An eloquent address of welcome was delivered by Hon. William C. Heinle, of Bellefonte.

Thursday will be the big day, with the parade in the morning at 11 o'clock, and the various contests in the afternoon, which, with the prizes offered, will be as follows: Hose race, first prize, $100; second, $25. Hub race, first prize. $25; second, $15. Prize drill, $15. Largest company in line, $25. Best uniformed company, $25. Best band in parade, $25. Company coming the farthest distance, $25.

FORMATION OF THURSDAY'S PARADE.

Forms at 10.30 o'clock a. m., moves promptly at 11 o'clock a. m. Marshall and aids will report to chief marshall at the intersection of Allegheny and Bishop streets at 10 o'clock a. m. mounted.

Head of column rests at intersection of Allegheny and Bishop streets.

The Schenck Reunion

The Schenck reunion will be held one mile east of Howard in Schenck's Grove on Thursday September 6th. The speaker of the day will be J. Calvin Meyer, Esq., of Bellefonte. The committee of arrangements are endeavoring to make this the most successful re-union ever held by the Schenck family. The Howard band will furnish music for the occasion. Everybody is cordially invited. Come and meet your friends.

A SPLENDID SUCCESS.

The 10th Annual Picnic of the Business Men of Centre and Clinton Counties.

The tenth annual picnic of the Business Men's Picnic Association of Centre and Clinton counties, which was held at beautiful Hecla Park Thursday August 16th will take rank as the most successful event of the kind held in the history of the association. The day was all that could be desired. That fickle fellow, the weather man was kind to the business men and gave them an ideal picnic day. It was fair and not to warm just the day to spend in the woods. And the crowd, what shall we say about that? It was simply immense and you had to be there to appreciate it. All the towns in the two counties sent large delegations and Bellefonte and Lock Haven were like deserted villiages. People began to arrive at the Park before 6 o'clock in the morning and a continuous stream was kept up all day. A very careful estimate of the crowd in attendance places it at 12,000. All present had a good time and very good order was maintained. There was one fight during the afternoon but it was soon stopped.

The amusements of the day consisted of water base ball, clay pigeon shoot, base ball game between Lock Haven and Milton, band concerts, dancing and a brilliant display of fireworks at night.

The famous Coleville band of Bellefonte, which ranks as one of the best in the state and the well known Germania orchestra, of Lock Haven, furnished the music. The orchestra furnished the music for the dancing and the dance floor was constantly filled with young people tripping the light fantastic.

They clay pigeon shoot took place at 10:30 a. m, and was between Centre and Clinton counties. The score was as follows:

Shuman Furst, Lock Haven	21
David Chambers, Clarence	20
George Shade, Lock Haven	23
George Uzzle, Show Shoe	19
Dick Shroat, Lock Haven	18
C. H. Watson, Bellefonte	22
John Keller, Lock Haven	20
S. Hines, Mingoville	17
Frank Warfield, Bellefonte	17
Philip Kift, Lock Haven	9
James Uzzle, Snow Shoe	12
Harry Wilson, Lock Haven	17

This made the total score Clinton county 108, Centre county 107.

The base ball game between the Auto's of Lock Haven and the Milton team resulted in a victory for Milton by the score of 5 to 0. The Lock Haven people made such a fight for this game and did so much blowing in regard to their team that we expected them to wipe up the ground with Milton. But it was "skidoo" "23" for theirs.

The day's enjoyment was brought to a close by a brilliant display of fireworks in the evening under the direction of John D. Sourbeck. The picnic altogether was a huge success. The crowd was there and the railroad company handled it nicely and everything passed off without serious accident.

Women Strike Rather Than Work in Skirts.

Five hundred women engaged in the culture of beet sugar in Bremer county, Iowa, where the industry is important, have struck, and the industry is threatened, because church people invoked state law in order to keep women from wearing pants in the fields. The women workers say it is far easier to work in trousers than in skirts.

People led by the Rev. Thorkelson insist that bifurcated garments are immoral, and even indecent. Seven girls who belonged to Thorkelson's church have withdrawn. The justice of the peace side with the girls and have refused to prosecute. Owing to the fact that the men are all engaged in harvest fields, the best sugar industry will suffer greatly if the girls cannot work, and they say they will not work in skirts.

HELLO LOCK HAVEN.

This is a Word from the Sleepy Town that Cannot Afford a Base Ball Team.

We are game enough to put a base ball team against the Auto Club on Labor day at Hecla Park to play for Twenty-five dollars ($25.00) aside and winnner to take two-thirds of gate receipts, and we can safely say that our Picked Up bunch can beat your much boasted of Auto Club.

Now come up with the goods.

BELLEFONTE FANS.

2000 ARE DEAD AT VALPARAISO

Many Chilean Villages Reported Destroyed by Earthquake.

PEOPLE FLED TO THE HILLS

Conflicting Reports Place Property Loss As High As $250,000,000, and Say Most of the City is in Ruins. Eighty-two Shocks Were Felt Night of Disaster.

There continues confusion of statements as to the magnitude of the disaster to Valparaiso caused by the earthquake shocks which began on Thursday, August 16, and continued at frequent intervals throughout that and the next two days.

Dispatches from Valparaiso to the Associated Press state that a moderate estimate of the fatalities is 2000, and that the property loss may be as high as $250,000,000, which latter is as great as the loss sustained by San Francisco in consequence of the earthquake and fire which devastated that city last April.

A refugee who has arrived at Santiago places the known dead at 100, and other messages indicate that the first report of damages and casualties were greatly exaggerated. Dispatches to the state department at Washington place the fatalities at about 500. These conflicting statements cannot at this time be adjusted. It is evident that even yet confusion and panic prevail at Valparaiso, and until order is restored it will be impossible to ascertain with accuracy the loss to life and property. The dwellings in the city have been practically abandoned by the inhabitants, who are existing as best they can in the plazas and streets of the city and hills adjacent to it, without shelter from storm or sun, and with famine confronting them.

Food is already scarce and high, water for drinking purposes is lacking and disease is feared. The government is doing all it can to bring in relief. The crippling of the railroads leading into Valparaiso constitute a serious factor in the situation, as for an indefinite period relief supplies can only be obtained through other means of transportation, the seaboard offering the best of these.

At Santiago many of the best public and private dwellings were wrecked. The loss of life there was augmented by the panic which seized the people, many of whom threw themselves from the balconies of their homes. The destructive force of the earthquake was experienced over a large extent of the country, many towns sustaining serious damage.

2000 REPORTED KILLED

Many Chilean Villages Destroyed By Erthquake and Fire.

Valparaiso, Chile, Aug. 20.—At 7.52 o'clock last Thursday evening Valparaiso experienced an earthquake of great severity, and during the night 82 shocks were felt.

Most of the buildings of the city either were ruined or damaged, and conditions are appalling.

The loss will be enormous, probably reaching $250,000,000.

Two thousand persons killed is considered to be a fair estimate of the casualties.

Entire streets are buried in ruins. Fires which broke out immediately after the earthquake added to the terror and danger. Sixty thousand people have taken refuge on the hills surrounding the city. Lack of water prevents efforts to extinguish the flames. The buildings of the arsenal, naval school and navy department have fallen, as well as the custom house, the Hotel Royal, the offices of the Mercurio and the houses of Ross & Edwards. The Bank of Chile and the Bank Tarapacay Argentina also are in ruins.

Vina del Mar (three miles from Valparaiso and having a population of over 10,000); Quirihue (225 miles to the southward, with a population of 2500), Salto Limache (15 miles to the northwest, with a population of 6500, Quilloto (25 miles to the northwest, with a population of 10,000), and villages all around were destroyed.

Most of the damage was due to fire, which started immediately after the first shock.

The whole population is sleeping in the hills, the parks or the streets.

Food is very scarce. Milk costs two Chilean dollars a liter, and it is almost impossible to obtain meat, even at high prices.

The railroads are all destroyed.

Rain, which began to fall immediately after the first shock, stopped an hour afterwards.

The nights are very cold and windy, and the people sleeping in the open are suffering greatly.

The captain of a steamship which has arrived from San Francisco says that the situation here is worse than that following the disaster at San Francisco.

60 Per Cent. of City in Ruins.

London, Aug. 20.—In a dispatch from Valparaiso, without date, the correspondent of the Daily Mail says:

"Sixty per cent. of this city has been completely destroyed. The death roll is very heavy. There were 82 shocks during Thursday night, and there have been 300 more since then. The tremors still continue. One hundred thousand people are homeless and destitute. Water is giving out. Surrounding towns have been destroyed, and the railroad has been cut."

FOUR INJURED IN RACE RIOT

Attempt to Run Negroes Out of Seaford, Del., Caused Trouble.

Seaford, Del., Aug. 20.—There was a race riot here, in which four men were seriously injured. One of a large number of negroes from Maryland and Virginia, who came to this section of the state looking for work in connection with the handling of the peach crop, became involved in a quarrel with a white boy. The negro, it is said struck the boy, and the citizens of the town organized and proceeded to run out of town all the strange negroes seen on the streets. The negroes resented the treatment and attacked the white men, which resulted in William T. Russell, a traveling salesman of Cumberland, Md.; Linden Short, of this place, and two colored men being seriously hurt.

To add to the confusion the electric lights of the town went out, and a temporary lockup had to be provided because the town jail was filled with prisoners.

TRAIN CRASHED INTO AUTO

Three Killed, Another Fatally Injured, Near Asbury Park, N. J.

Asbury Park, N. J., Aug. 20.—Three automobilists were killed and another fatally injured at Allaire Crossing, on the Pennsylvania railroad, near here, when an express train crashed into the automobile of J. George Laffargue, a piano manufacturer of New York city. Mr. Laffargue, his wife and Mrs. Charles Lurch were instantly killed. Mr. Lurch, the only other occupant of the car, was unconscious when picked up, and is in a precarious condition.

Mr. Laffargue handled the car himself, and as the party approached the crossing the car was going at a good speed. As it swept upon the tracks a train crashed into it and the occupants were thrown high into the air. The car was hurled 30 feet and wrecked against the Allaire station.

Japanese Middy Dies of Typhoid.

Annapolis, Md., Aug. 20.—Midshipman Kingiro Matsukata, of Tokio, Japan, died at the naval academy hospital, after nearly two weeks' illness of typhoid fever, complicated with peritonitis. The young man was 19 years old, and entered the academy in June of this year by special arrangement with the Japanese government. The remains will probably be buried in Arlington cemetery, Washington.

Hanged Himself at Play.

Atchison, Kan., Aug. 20. — George Baumgartner, aged 26 years, who came from Germany two years ago to study for the priesthood, accidentally killed himself at St. Benedict's College. He had in play placed a short rope about his neck and accidentally stepped off the stage in the gymnasium. His neck was broken.

Two Sisters Drowned.

Grand Haven, Mich., Aug. 20.—Two daughters of Carl F. Karlsen, aged 11 and 14 years, were drowned before their parents' eyes while bathing in the Grand river here. The bodies were recovered in 20 minutes, but members of the life-saving crew were unable to resuscitate them.

NUGGETS OF NEWS

Scott Howington was stabbed to death by Muncy Talley during a quarrel at Bristol, Va.

Coe D. Barnard, convicted of perjury in the land fraud trials at Portland, Ore., was sentenced to prison for two years and fined $2000.

Isaac S. Case, prominent in business and political circles and Monroe county's (Pa.) wealthiest citizen, died at Stroudsburg, aged 75 years.

The widow of James O'Donnell, a Norristown, Pa., railroader who was killed three weeks ago, gave birth to twins, and now has 11 children to support.

While returning from Atlantic City, Mrs. Mary Denny, of Smyrna, Del., died of heart disease in the Broad street station of the Pennsylvania railroad in Philadelphia.

Many Casualties in Los Andes.

Buenos Ayres, Aug. 18.—The newspapers publish telegrams from Mendoza, which is an entrepot for the trade between Buenos Ayres and Chile, with which it communicated by the mountain passes of Uspallata and Portillo, to the effect that many houses in the Los Andes district were destroyed by the earthquake, and that there have been a large number of casualties. The interruption of all means of communication with Chile causes much anxiety. Many rumors of disaster are afloat.

Los Andes, also known as Andes and Santa Rosa de los Andes, is a town of Chile, province of Aconcagua, 18 miles by rail from San Felipe de Aconcagua, capital of the province of Aconcagua. San Felipe is 40 miles north of Santiago, with which it is connected by rail.

Aspires to Head Sons of eterans.

Atlantic City, N. J., Aug. 20.—James B. Adams, of Atlantic City, is indorsed by New Jersey for the office of commander-in-chief of the National Organization of Sons of Veterans, at the annual encampment at Peoria, Ill. Adams is at present senior vice commander, and will seek the support of the Pennsylvania delegation for the highest office.

SHOT BY ITALIANS

Two Pennsylvania Constabulary Wounded, One Seriously.

WERE FIRED ON FROM AMBUSH

Foreigners Were Creating a Disturbance At Hughestown, and In Darkness Awaited Coming of Troopers Sent to Restore Order.

Wilkes-Barre, Pa., Aug. 20.—One of the most serious affrays in which the local troop of state constabulary has been interested occurred at Hughestown borough, a suburb of Pittston. As a result of the affair one of the troopers lies at the Pittston hospital in a dangerous condition, while another received a slight flesh wound, and three Italians are more or less seriously injured.

Within the confines of Hughestown borough there is an Italian settlement. All day Sunday the men at this settlement were drinking and carousing and creating such a disturbance that the neighbors made a complaint to the authorities. A call was sent to the headquarters of the state constabulary at Wyoming, and three of the troopers—Privates Adelson, Butler and George—were detailed to go to the place. The Italians, who had evidently been awaiting their coming, began making an indiscriminate fire upon them in the darkness and the three troopers withdrew, not howeve until George had been shot in the abdomen, while Adelson also received a slight wound.

Butler, the only uninjured man, got hold of a foreigner named Michael Poloni and clubbed him into submission. Later word was sent to headquarters and the entire troops, in charge of Sergeant Wilhelm, went to the scene and arrested five Italians. Two of these, Joe Durilla and Joe Doloro, were shot and taken to the hospital in a serious condition. They must have been shot by some of their comrades, Durilla declaring he came out of his house to find out what the cause of the trouble was when he was shot.

TWELVE PERSONS DROWNED

Big List of Sunday Fatalities About New York.

New York, Aug. 20.—Twelve persons lost their lives in the waters about New York Sunday. Most of the victims were bathers. Three persons were drowned in a group near Manhattan Beach in a manner that could not be ascertained, and the police are conducting an investigation. The victims in this instance were Morris Grosse, Martin Anderson and an unknown bather about 20 years of age. Harold Sellers, 25 years of age, was drowned while diving with his father from a launch in Pamaica bay.

William O'Keefe, 2 4years of age, was drowned in Gravesend bay, becoming exhausted while swimming for from the shore. John Bisinski, 9 years old, of Jersey City, was drowned while swimming in the Hudson river. William Hill was swimming in the East river, when he became ill and went down before rescuers could reach him. The bodies of two unknown men were found floating in the East river.

Albert Haggenborn, of Brooklyn, was instantly killed when he dived from a balcony 20 feet high into five feet of water in the swimming tank at a pleasure park in Coney Island. His neck was broken.

Edward Moore, 7 years old, was drowned in the Hudson while trying to climb aboard a barge. Sven Remsen, 35 years old, was drowned off Yonkers.

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

The New York World

The Thrice-a-Week World hopes to be in 1906 a better paper than it has ever been before, and it has made its arrangements accordingly. Its news service covers the entire globe, and it reports everything fully promptly and accurately. It is the only paper, not a daily, and which will keep you as completely informed of what is happening throughout the world.

The Thrice-a-Week World is fair in its political reports. You can get the truth from its colums, whether you are Republican or Democrat, and that is what you want.

A special feature of the Thrice-a-Week World has always been its serial fiction. It publishes novels by the best authors in the world, novels which in book form sell for $1.50 apiece, and its high standard in this respect will be maintained in the future as in the past.

The Thrice-A-Week World's regular subscription price is only $1.00 per year, and this pays for the paper. We offer this unequalled newspaper and the Bellefonte Republican together for one year for $1.50.

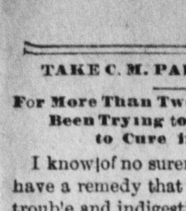
TAKE C. M. PARISH'S ADVICE

For More Than Two Years They Have Been Trying to Tell You How to Cure Indigestion

I know of no surer way to prove that I have a remedy that will relieve stomach trouble and indigestion than by offering it to you at my own expense in case it fails. Through my own personal recommend many Bellefonte residents have been induced to try this remarkable dyspepsia remedy and they have found relief almost without exception, One little tablet taken after meals invariably relieves distress after eating, sour stomach, fermentation, heart burn, and other symptoms of indigestion. Pepsikola Tablets are a positive cure for chronic dyspepsia and if you have palpitation, sick headache, nervous spells, gnawing pain at the pit of stomach, backache, or if you feel worn out, run down, tired or dispondent, nothing in this world is so sure to renew your energy, steady your nerves improve your digestion and increase your bodily vigor as a ten days' trial of these tablet. Pepsikola is also a grand nerve tonic and Mr. Parish will cheerfully return your 25 cents in case you are not greatly benefitted.

THE WOMAN WHO COUGHED.



Catarrh had nearly ruined me. It had eaten away the partition in my nose; produced Asthma, Bronchitis, Rheumatism; ruined my stomach; in fact, gone all through my system. Then Grip finished me. I was a wreck; took cold at nothing; and *coughed day and night.* The doctors dosed me with opium and quinine. No good. Cough "cures"? Bah! Then Brazilian Balm renovated me. Killed every germ. Took 10 $1.00 bottles. Now I'm like a girl of 18.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and blader affections. No well-regulated family should be without this standard remedy.

Two sizes, 25c and 75c. All druggists.

S. Krumine's

KEEP THE KIDNYS WELL.

Health is Worth Saving, and Some People Know How to Save. It.

Many Bellefonte people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill-health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills.

W. R. Camp, of the firm of Kirk-Camp Furniture Co., Logan Ave. and 14th St., Tyrone, Pa., says: "Experience has taught me that Doan's Kidney Pills is an excellent remedy and one that strictly fulfills its promises. In the fall of 1897 I gave for publication in our local papers a statement covering my experience with this remedy and recommending it to others, and now in the month of June, 1904, I just as enthusiastically recommend it as I did at that time. Doan's kidney pills completely relieved me of an aching in the small of my back and lameness through the loins due to kidney trouble. We always keep this preparation in the house for use in case of need, and it has never failed to give splendid satisfaction. I heartily endorse it.

HONOR JOHN BROWN

Negro Says He Was a Traitor to be True to the Slave.

POLITICAL RIGHTS OF BLACK MAN

Declares Republican Party Has Repudiated Them, and President Roosevelt Is Silent On Enforcing of 15th Amendment.

Harpers Ferry, W. Va., Aug. 18.—The second annual meeting of the Niagara movement, an organization of negroes whose purpose is to promote equality of the races, continued its sessions at Storr College, the feature of the proceedings being a tribute to the memory of John Brown and the celebration of the 50th anniversary of the battle of Ossawattomie.

Rev. R. C. Ransom, of Boston, in an address declared that God sent John Brown to Harper's Ferry "to become a traitor to the government in order that he might be true to the slave." He discussed the political rights of the negro. "The present occupant of the White House," he said, "has been absolutely silent on the question of the enforcement of the 15th amendment; while his secretary of war has admitted the violation of the constitution, he has recently in a remarkable address openly condoned it, if not tacitly endorsed it. Secretary Taft, speaking for the president, chides us by saying that the negroes are political children; that they have shown their incapacity to maintain their political rights. It is true that the negro had a child-like faith in the Republican party, believing that it would administer the sacred trust which the fortunes of war and the constitution had imposed upon it, and that it would not use him like a gambler's stake in the game of politics Thank God, at last the scales are falling from the negro's eyes. He is being disillusioned by the acts of a Republican congress, the speeches of members of a Republican cabinet, and the silence of a Republican president. He should not hesitate to repudiate his former friends who have betrayed him, nor refuse to fraternize with former enemies who are willing to give him aid. While he remains a political issue he must insist upon making his power felt and his rights respected."

RAIN STORM AT JOHNSTOWN

Barns and Outbuildings and Several Bridges Carried Away.

Johnstown, Pa., Aug. 20.—An unprecedented rain storm, that resembled a cloudburst, flooded Moxham, the fashionable residence section of the city, and caused thousands of dollars' damage.

The storm, according to later reports, has proved more serious than at first believed. Barns, hundreds of outbuildings and several bridges have been carried away. Portions of the Johnstown Passenger railway company tracks are covered three to four feet with debris. One car was swept from its tracks by a sudden swirl of water from a mountain side, and in less than two minutes the water reached a foot above the car floor. Hundreds of wagons loaded with fruit and vegetables from the neighboring gardens lay along the roads, while the contents are scattered promiscuously along the valley pike in the hillslope section. For a time this road was under five feet of water.

GIRLS WANTED TO BE TRAMPS

Led Gypsy Life, Stealing Their Food, Are Arrested by Father.

Lancaster, Pa., Aug. 20.—A rather remarkable case was disposed of by Alderman Doebler, that of Gertrude and Susan Newcomer, aged 17 and 15 years respectively, who were arrested by their father, Harry K. Newcomer, a farmer of Centreville, who accused them of larceny.

For some time past Newcomer's larder was robbed almost nightly. He discovered that his daughters, who were supposed to be working in Lancaster, were the culprits, and that they had been leading a gypsy life for weeks in the neighborhood, stopping in outbuildings, stealing their food and only partially clad.

They could give no explanation of their conduct, except to say they liked to run wild. They will be given into the care of some charitable society, as they are unwilling to go home.

Drowned While Canoeing.

Asbury Park, N. J., Aug. 20.—Howard B. Bell, 30 years old, said to be a wealthy Californian, was drowned while canoeing in the ocean off the Loch Arbour. The canoe capsized and Bell and two companions, a young man and woman, clung to it. Bell became exhausted, lost his grip on the boat and went down. He was quickly rescued and brought ashore, where doctors worked over him for some time, but were unable to resuscitate him.

Firemen Want 2 Per Cent. of Insurance

Roanoke, Va., Aug. —At the meeting of the National Firemen's Association, Mark H. Kessler, of Oklahoma City, was appointed sergeant-at-arms The convention seeks general legislation allowing the firemen 2 per cent on all insurance. President McNeill in his annual report said the interests of the insurance business and the firemen are identical, and that the former could not exist a day without the services of the latter.

THIRTY DEAD AT SANTIAGO

Panic-Stricken People Threw Themselves From Balconies of Homes.

Santiago, de Chile, Aug. 20.—It is known that at least 30 lives were lost in this city by the earthquake, but it is believed that many persons were killed by the falling buildings, and that their bodies will be discovered later. Several persons became so panic stricken during the tremblings of the earth that they threw themselves from the balconies of their homes and were killed. The fires which followed the earthquake in this city were promptly extinguished, but while they lasted they added greatly to the terror of the people.

As all telegraph lines were more or less damaged, the exact situation throughout the country is not yet known, but advices have been received to the effect that the towns of Viriage and Casablanca were entirely destroyed, and that San Felipe, Rancagua, Melipilla and Llaillai were severely damaged. At Concepcion the shock was severe, and a number of persons were killed or injured. he towns of Rengo, San Fernando, Quillotta and San Antonio and many villages are in ruins.

In the city of Santiago much damage was done. Many public buildings, particularly churches, were dismantled. he buildings of congress, the municipal buildings, the normal school, the courts, the Peruvian legation, the residence of President Riesco, the central market, the prefecture of police and the national telegraph offices all were seriously damaged.

The scenes at the hospitals and prisons during the excitement were distressing in the extreme. The prisoners tried to escape from the jails, in the hope that they might reach a place of safety, and prison guards were obliged to fire into the air in order to intimidate and quiet their panic-stricken charges

Thousands of people are sleeping in the tramway cars, in carriages and in the open air in the public squares and streets The government has taken steps to restore order An inspection of all houses left standing has been ordered, and directions have been issued for the distribution of relief supplies to those in need A troop of cavalry has been sent to re-establish communication with Valparaiso.

PLOT TO ASSASSINATE PALMA

Prominent Leaders of Liberal Party In Cuba Arrested.

Havana, Aug. 20. — Half a dozen highly prominent leaders of the Liberal party have been taken into custody on the charge of conspiracy against the government and plotting to assassinate President Palma.

The men arrested are General Carlos Garcia Velez and his brother Fausto, Cuban consuls at Bremen; ex-Senator Montaelgudo, Colonel Manuel Piedra, chief of police in the house of representatives, and General Enrique Loynase del Castillo, a former congressman from Puerto Principe province. These are charged with conspiracy.

The Havana arrests were made by the city police on charges preferred by the chief of the government secret service.

KILLED PLAYING BURGLAR

Eight-Year-Old Shoots Three-Year-Old Brother and Himself.

Philadelphia, Aug. 20.—Playing burglar with a loaded revolver, Claude Lanciano, 8 years old, shot and killed his baby brother, Edmund, aged 3 years. Claude also shot himself through the hand. he child procured the pistol from a bureau drawer, and, running into the room occupied by his brothers Edmund and Victor, aimed the weapon at them, crying that he was a burglar. The revolver was discharged, the bullet entering Edmund's side. Claude dropped the pistol and it was again discharged, the ball striking him in the hand.

JEROME IS A CANDIDATE

Will Run For Governor of New York If Nominated Without Promises.

New York, Aug. 20.—District Attorney William Travers Jerome issued the following statement:

"In the present shameful condition of our political life in this state, I am willing to run for the office of governor of the state if the Democratic convention shall nominate me without any understanding, expressed or implied, other than that, if elected, I shall obey my oath of office as I understand it, in letter and spirit.

"WILLIAM TRAVERS JEROME."

Disappointment Caused Suicide.

Philadelphia, Aug. 20.—Because his parents refused to take him to the seashore with other members of the family, Henry Sacks, 16 years old, committed suicide by inhaling illuminating gas. The youth a week ago pawned a camera in order to secure money to pay his railroad fare and went to Atlantic City to join his parents. He was reprimanded for the manner in which he secured the money, and he came back to this city. After brooding all week he ended his life.

Tumbled Into Water Removing Coat.

Scranton, Pa., Aug. 1. — Andrew Ruane, aged 40 years, and married, was drowned in Lily lake, 12 miles from this city. He attempted to remove his coat while standing up in a boat and tumbled into the water. He could not swim, and was drowned before assistance could reach him. The body was recovered.

TRADE OUTLOOK BRIGHT

Dun's Reports Continuance of Unprecedented Prosperity.

New York, Aug. 18.—R. G. Dun & Company's Weekly Review of Trade says:

Abundant crops and an over-sold steel industry engender sentiments of confidence that make the outlook very bright for a continuance of present prosperous business conditions. Each week brings a new high water mark in some department, and the net result is uniformly better than for the corresponding week in any previous year. The weather has favored both crops and the distribution of merchandise, while the latter is increased by seasonable bargain sales. Despite unprecedented preparations for business by liberal purchase of rolling stock, the railroads are facing a serious traffic blockade that cannot be avoided when the crops begin to move freely. No relief appears as to the supply of labor, production being reduced in some cases where consumers are most urgent.

Failures this week numbered 176 in the United States, against 218 last year, and 16 in Canada, compared with 28 a year ago.

CAN'T IMPORT MEXICAN LABOR

Department of Justice Rules They Cannot Enter Under Contract.

Washington, Aug. 18.—An important question respecting the importation of labor from Mexico into the United States for work on railroad construction in Texas has been determined by the department of justice at the instance of the department of commerce and labor. The question was whether men employed as laborers on ordinary railroad construction were "skilled" or "unskilled," in the meaning of the law. The department of justice, through an opinion rendered by Acting Attorney General Charles H. Robb, has decided that the men are "unskilled" laborers and that, therefore, they cannot, under the law, be admitted into the country under contract.

Wealthy Broker Shoots Himself.

New York, Aug. 18.—The lifeless body of Thomas C. Long, aged 65 years, a wealthy retired broker, whose home was at 846 President street, Brooklyn, was found in Prospect Park in that borough. He had shot himself, but what his motive for suicide was is entirely unknown. His widow is summering in the Catskills. He was a member of the Montauk and the Rembrandt Clubs in Brooklyn.

MINE STRIKE SETTLED

Trouble at Jermyn Colliery, Near Scranton, Adjusted.

Scranton, Pa., Aug. 18.—The strike at the Jermyn mines, Rendham, was settled, being amicably adjusted through the efforts of Attorney Joseph O'Brien, of this city. Over 1000 men are affected. The strike was inaugurated on February 13 last, owing to the reduction in the pay of a few of the miners for rock work. As the company refused to restore the pay the men quit, while the remainder of the mine workers went out in sympathy. Efforts were then made to settle the matter amicably, but the company refused to meet all advances.

The men were prepared to return to work under the old conditions, but demanded that an agreement be signed. To this the company refused to accede. A few days ago some of the strikers waited upon Mr. O'Brien and asked him to interest himself in their behalf. Mr. O'Brien succeeded in bringing President Jermyn and a committee together, when an agreement was entered into that the award of the strike commission should apply to the Jermyn mines and that work be resumed at No. 1 mine forthwith, and at No. 2 mine as soon as the company can place it in condition. All men hitherto employed at No. 2 mine are to be given the preference in securing employment in No. 1 mine. No discrimination is to be shown.

Milk In the Sickroom.

Milk is the chief article of food and nourishment in every sickroom and hospital, and every physician and nurse should know the source of supply, its purity, before ordering it in any form for invalids and convalescents. It is not enough that it comes as "country milk." There must be integrity and experience back of it. It has been scientifically demonstrated and proved that pure milk products are the most nutritious, economical and easily digested foods when the milk is obtained in all its purity and kept so from pasture to consumer.—Charles Elley Hall in Leslie's Weekly.

$50,000 FIRE AT NANTICOKE

Clothing Store and Dry Goods House Destroyed by Flames.

Wilkes-Barre, Pa., Aug. 20.—B. Rafel's clothing store at Nanticoke was destroyed by fire. The loss in stock and biulding is estimated at $15,000. Before the firemen could check the flames they spread to the O. P. O. dry goods house adjoining, owned by Miller D. F. Coons, of Wilkes-Barre, which was also destroyed. The loss on the latter's stock alone will reach $35,000. The origin of the fire and amount of insurance not known.

CANNON RENOMINATED

Speaker of House Renamed For Congress For 18th Time.

BOOM FOR PRESIDENT LAUNCHED

Greatest Enthusiasm Prevailed When Resolution Endorsing Mr. Cannon For President Was Unanimously Adopted.

Danville, Ill., Aug. .—The convention of the Republicans of the 18th Illinois congressional district renominated the Hon. Joseph G. Cannon for the 18th consecutive time, this being his 17th nomination by acclamation.

There was the greatest enthusiasm, especially over the prospective candidacy of Mr. Cannon for president. Mr. Cannon had not intended to launch a boom for president at this convention, but the pressure of his supporters was so great as to sweep away his wishes in the matter.

The convention unanimously endorsed Mr. Cannon for president of the United States. The resolution was adopted amidst the greatest enthusiasm. Mr. Cannon's supporters in his own district will likely urge the state convention to make similar endorsement. There seems to be little doubt that this will be done.

Speaker Cannon was given a splendid welcome. After the applause which greeted him had quieted enough for him to speak, he began his address, in the course of which he said:

"I thank you for this expression of confidence, and I congratulate you on the prosperous condition of the country under Republican administration. The Republican party has followed the teachings in the parable of the wise servant who returned to his master the talent entrusted to his care multiplied tenfold.

"Since the election of William McKinley as president the business of the country has doubled and the material interests of all the people have become better than ever before in our history; aye, better than the condition of any people anywhere on earth in any time since history began. This is under the policies of the Republican party as enacted into law by congress and executed by the president.

"Attribute this condition to what cause you may, speculate about it as you will, call it confidence in men or measures, the fact remains that it exists and that there has never been recorded anywhere such industrial development and such a wave of prosperity as has swept over the United States in the last decade.

"Under the administration of the Dingley tariff law there has been a greater development in all forms of industry than has ever been reached under any other revenue law since the government was organized. The schedules of that law are not sacred, but the principle there embodied is fundamental. Since the enactment of the first revenue law under Washington down to the present time the periods of prosperity have been under protection, and the periods of adversity have been under the policy of free trade, or tariff for revenue only.

"There has been much discussion and no little confusion over the effort to compare the relative increase in wages and cost of living in the last few years. The labor bureau of the United States in its last bulletin on this question made a very careful analysis for the 14 years from 1890 to 1904.

"In that comparison and analysis it was shown that the weekly earnings of all employes had increased 53.4 per cent. from 1894 to 1904, and that the retail prices of food products had increased in the same time only 12 per cent.

"This census also shows that in the five years from 1900 to 1905 the increase in the number of wage earners employed was 16 per cent. over the number in 1900, and the total wages paid 30 per cent. greater.

"Tariff revision in time of prosperity always has, and always will, halt business activity, production and commerce. The manufacturer will lessen his output, for he fears to pile up his product unless there is a reasonable certainty of realizing its cost and a fair profit.

"I heartily endorse the platform lately adopted by the Republicans of Indiana, which, in substance, says that the Republican party will revise the tariff when it will do more good than harm to the great mass of the people."

Speaker Cannon then said that if he were engaged in toil which would give him the right of membership, he would join the ranks of organized labor. He scored the anti-injunction measure, which was introduced in congress with the sanction of President Gompers, of the American Federation of Labor. After disposing of the labor question, Speaker Cannon's address dealt with President Roosevelt, whom he praised unstintedly.

Michael F. Dwyer Dead.

New York, Aug. 20. — Michael F. Dwyer, long one of the most prominent figures of the American turf, died at his little cottage in Brooklyn, opposite the Gravesend race track of the Brooklyn Jockey club, of which Philip J. Dwyer, a brother of the dead horseman, is president. Dwyer was one of the most famous pluners the turf has ever known. He was a large operator, and amassed a greater fortune, it is said, than ever Pittsburg Phil Smith, the most noted of the modern race-track bettors. Smith died wealthy, while Dwyer was practically penniless.

BACKING UP BRYAN

Pennsylvania Lincolnites Helping Along Nebraska Propaganda.

DEMOCRATS FILLED WITH HOPE

Defeat of the Republican Ticket In This State Next Fall Would Give Them Big Lead in Presidential Race.

[Special Correspondence.]

Harrisburg, August 21.

Pennsylvania Democrats are eagerly waiting to join in the demonstration of the national Democracy over the home-coming of their leader, William Jennings Bryan.

There is already on foot a well organized movement in this state to bring about the nomination of the "matchless Democrat of Nebraska" for the presidency, and it is the hope and expectation of leading Democrats that the result of the election in Pennsylvania next November will materially contribute toward that end.

The Democratic state convention, which named Lewis Emery, Jr., for the governorship and put upon the ticket with him that trio of well-known Bryanites, Messrs. Black, Creasy and Green, flatly proclaimed in its platform that Bryan is a certain successor of Roosevelt in the White House. Michael J. Ryan, the eloquent presiding officer of that convention, evoked cheer after cheer by his eulogies of Bryan and his confident prediction that he will be the next president of the United States, and that the outcome of the election in Pennsylvania will foreshadow that result.

Democrats Looking Ahead.

Arrangements have been made to have a large representation of leading Democrats from Pennsylvania at the great Madison Square Garden reception.

The Bryan men in every county in this state have taken on a new lease of political life and are showing new vigor in their political work for Emery and the entire Democratic ticket. They are devoting particular attention, too, to the Democratic and Lincolnite favorites for congress in the several districts in which candidates have already been placed in the field.

They are quietly presenting arguments to the old line Bryanite Democrats for them "to stand by Emery and the whole fusion ticket" in order that the defeat of the Republican party in Pennsylvania this fall may be pointed to as a signal endorsement from the very citadel of Republicanism of what they are pleased to characterize as a great popular uprising for the election of Bryan to the presidency.

Bryanites Almost Fanatical.

In this connection the enthusiasm of the followers of Bryan in his own state of Nebraska is pointed to as emphasizing the feeling that exists in the hearts of his admirers throughout the country. Press dispatches recounting the scenes of the joint convention of Democrats and Populists of Nebraska held at Lincoln a few days ago all tell of the almost fanatical exhibitions given by some of the leading delegates.

Law-abiding, peace-loving and conservative citizens of Pennsylvania, who are being invited to join the Bryanites of this commonwealth in their efforts to record a vote of repudiation of the Roosevelt administration and the Roosevelt policies at the coming election through the defeat of the Republican candidates in Pennsylvania by fusion or other games of political manipulators, should read and reflect upon the sensational speech made by the presiding officer of the Nebraska convention. Then they should consider how far a triumph for the Emery-Donnelly-Ryan-Black-Creasy-Green fusion combination at the November election would go toward promoting the cause of Bryanism throughout the country.

Visions of Blood.

This is what Chairman Skiles, of the Nebraska convention, said:

"The time is speedily coming when by the advice and command of the American people the guilty highwaymen, the oppressors of the poor and mockers of the courts will be brought to their knees in humble submission by an outraged people. It may take revolution, it may take bloodshed, but in my judgment it need take only the courage, determination and backbone of an American president, who will enforce the criminal laws of the United States against the multi-millionaire and cabinet officer as drastically as against the most humble citizen in this nation. Such a man is coming. He is our friend and neighbor—that intrepid, ceaseless, tireless fighter, the great commoner and defender of human rights, William Jennings Bryan, the young gladiator of the west, who, 10 years ago, struck the first deadly blow ever aimed at the heart of plusocracy in this country."

Mr. Skiles then pictured the American people waiting to vote for Bryan for president, and foreshadowed in the returns of the state elections to be held this fall in all parts of the country an emphatic demand for the "Great the cause of Bryanism.

In this connection it is interesting to recall that the platform of the Pennsylvania Democracy, which nominated Emery for governor, said:

"We congratulate the country upon the fact that the only prominence the present Republican national administration has attained has been achieved by feeble and pretended application of the principles enunciated by the Hon. William Jennings Bryan, the great Democratic Commoner, who is now regarded as the certain successor of Theodore Roosevelt to the presidency."

A vote for Emery is a vote of indorsement of that platform, as well as a contribution of moral support to the Bryan presidential movement.

Injuries Kill Lawyer Caught in Auto Spill.

Daniel W. Baldwin, one of the leading lawyers in northern Pennsylvania, died at his home in Westfield Friday morning from injuries received in an automobile accident Sunday evening With two friends, Messrs. Parsons and McMahon, both of Westfield, he was riding in that village after dark, and became confused by the reflection of the street lights and ran his machine too close to the edge of an embankment.

Discovering his mistake, he crowded the steering gear hard in the opposite direction, but it did not respond quickly enough to ward off impending danger, and his car went over the twenty-five foot embankment.

The machine turned over twice. McMahon was thrown into some shrubbery and escaped with a few scratches. Baldwin was hit by the car when it went over the first time. Several ribs and his collar bone were fractured and a lung punctured by one of the broken ribs Parsons was found under the car unconscious, and in such a position that he would have choked to death if he had not been at once rescued.

Baldwin resigned a West Point cadetship to study law in Wellsboro with Henry Sherwood. His age was about 48, and he was unmarried. This is the first fatal auto accident in Tioga county.

Fence Line Law.

The 1906 session of the legislature passed a "fence law" which does not seem to be generally known. The following are the main points of the law: Where a party interested in a line fence has his own fence in good repair and his neighbor refuses to build or repair his share of fence, he goes to the auditors and makes complaint to them. The auditors are required to examine the fence and the need of it. If they find the complaint well founded, they report the same to a justice of the peace, who is required to give the failing parties notice to repair or build the fence within forty days. If he does not do it, tht other party may build the fence and collect the cost of it. If the auditors find that the fence is in good repair, or that no fence is required, the auditors are to receive $2, to be paid by the one making the complaint. The whole procedure is in force and farmers and lot owners would do well to remember this.

THE COLORS ARE UP

Republicans Open Headquarters For An Aggressive Campaign.

STUART A POPULAR CANDIDATE

With An Unassailable Record, the Sincerity of His Pledges to Support Popular Measures Is Everywhere Conceded.

[Special Correspondence.]

Philadelphia, August 21.

While the Republican campaign in this state will not be formally opened for at least a couple of weeks, there has been a vast amount of work already done in preparation for a vigorous and spirited canvass of every county in the commonwealth in the interest of the entire Republican ticket.

The Republican party has never started out under more favorable auspices, with its exceptionally strong and popular candidates running upon a platform which has been taken as a model by Republican state organizations throughout the country, eager to get into line with the advanced thought of Roosevelt leadership and to have the party placed squarely upon record as officially endorsing and loyally supporting the national administration.

Stuart a Popular Candidate.

The nomination of Edwin S. Stuart for the governorship has spiked the guns of the opposition to the Republican party in Pennsylvania.

Not a word of criticism of him has been heard since he was made the standard bearer of his party. His public record and his private life commend him to the voters, and his sincerity of purpose and his fealty to the cause of Republicanism have never been questioned.

With his colleagues on the state ticket, all of whom have been received with universal commendation, Mr. Stuart is prepared to meet his fellow-citizens face to face in every county in the state and to assure them of his intention to faithfully and conscientiously carry out every pledge made in his acceptance of the nomination for governor.

Mr. Stuart stands squarely upon the platform of the Republican state convention, which is conceded to be a most comprehensive, progressive and thoroughly up-to-date document.

In his letter of acceptance, Mr. Stuart declared that this platform clearly defines the new political duties that have arisen from new conditions, and that the party stands pledged to enact legislation to hold in check and control corporations and to secure equal rights to all.

Must Have Two-Cent Rate.

Since Mr. Stuart put himself on record as heartily in accord with the demand for a flat rate of two cents a mile for railroad fare, some of the railroads have made a slight reduction in their rate. When the Republican nominee was interrogated upon this issue he promptly announced that he proposed to adhere strictly to the promises made in the Republican platform, and to insist upon legislation which will meet the full demands of the people.

Mr. Stuart's manly attitude on the question of freight and passenger rate discrimination was clearly set forth when he said:

"Our transportation companies are common carriers, to which have been given special and valuable privileges primarily for the public good, and they are required by the law, by sound public policy and by the common honesty that should govern the management of public trusts to grant equal and exact privileges to all. They must be made to understand that the **people of this commonwealth will not tolerate an unjust discrimination which gives to one and withholds from another under like conditions, which builds up the business of a favorite few by crushing competition.** This iniquity must stop, and stop at once, and a policy of absolute fairness to all must be established and maintained."

To Follow Roosevelt's Lead.

One of the leading issues of the campaign will be the curtailment of corporate power wherever abuses of any character have been revealed, and Mr. Stuart and his fellow candidates will in that respect be found to be ardent and enthusiastic supporters of President Roosevelt as the logical and acknowledged leader in the enforcement of this popular policy.

One of the most gratifying features of the Republican canvass this year is the interest which is being manifested in the details of the preliminary work of the campaign by Republicans all over the state.

Colonel Wesley R. Andrews, chairman of the Republican state committee, has noted a large increase in the correspondence, and finds that the county committeemen are enthusiastic over the prospects of splendid majorities for the entire Republican ticket. There have already been many requests for mass meetings, and it is feared that the state committee will be unable to supply enough speakers to meet the demands of the county chairmen when the canvass gets fairly under way.

There have been inquiries for orators of national reputations from close congressional districts, and Chairman Sherman, of the national Republican congressional committe, has promised to co-operate with Chairman Andrews and give every assistance in his power to [illegible] success of Republican nominees throughout Pennsylvania.

Negress Saw Washington Many Times

Two Dead In Pistol Duel.

Muskogee, I. T., Aug. 22.—Near Dustin, I. T., 25 miles southwest of Muskogee, James Haynes and George Brown fought a duel with revolvers. Brown was killed outright and Haynes died shortly after. Haynes was a prominent Indian citizen and member of the Creek council. The cause of the trouble is unknown.

NEW DEPARTMENT AT STATE.

Pennsylvania Railroad Sends School a Big Engine for Training Experts

In response to a request from Dean Louis E. Reber, of the School of Engineering of the Pennsylvania State College, supplemented by Judge James A. Beaver, President of the Board of Trustees, the Pennsylvania Railroad company has sent to this school one of its D-8 locomotives to be used by the students for testing.

The Board of Directors of the railroad have voted to donate this locomotive "when said college shall have provided a locomotive testing plant," and the college authorities have advised the company that it is expected that the State Legislature will at the next session vote a sufficient sum to completely equip a modern testing plant. When that is done, the engine, which for the present is merely loaned, will become the property of the college.

The action of the Pennsylvania directors was based on a special recommendation from one of the officials of the road, in which he said:

Recognizing the results that are being accomplished in education in this line at Purdue University, the University of Illinois, and other places, I am heartily in sympathy with the project and desire to do everything I can to further its success. By doing so, we will render available for one purpose a number of very promising young men. In the past, this institution has furnished to our mechanical department, as well as to our civil engineering department, young men who are now doing splendid work for our company, and, undoubtedly, in the future, you will hear from them among its influential officials."

LIVER AND KIDNEYS.

It is highly important that these organs should properly perform their functions.

When they don't what lameness in the side and back, what yellowness of the skin what constipation, bad taste in the mouth, sick headache, pimples and blotches, and loss of courage, tell the story.

Hood's Sarsaparilla and Pills give the kidneys and liver the vigor and tone necessary for the proper preformance of their functions, and cure all their ordinary ailments.

W. S. Watson, Altona, Ill., says: "I took Hood's Sarsaprilla for kidney trouble and it did the work nobly. Three bottles cured me."

Accept no substitutes for Hood's Sarsapril a and Pills, for no substitutes act like them.

BIG RIALROAD PROJECTED.

Will Traverse Centre County from Pine Grove Mills to Coburn.

Pittsburg, Pa., Aug. 15.—Papers of consolidation of three railroads in different parts of Pennsylvania will be filed at Harrisburg this week, which will constitute the formal announcement of a project of prominent foreign bankers, associated with Joseph Ramsey, Jr., former president of the Wabash railroad, to build a low-grade double track railroad from New York to Chicago by way of Pittsburg, which will cost about $150,000,000.

It will be known as the New York, Pittsburg & Chicago Air line, and will be 65 miles shorter to New York than the Pennsylvania and 108 miles shorter than the shortest line between New York and Chicago.

The new Keystone Air line will traverse the important bituminous fields of Central Pennsylvania, now controlled by the Pennsylvania railroad, and will also pierce the anthracite region throughout its length. It will not only be the shortest line through Pennsylvania, but it will cross the summit of the Allegheny mountains 400 feet lower than the Pennsylvania and will have easy curves and remarkably low grades for a mountain line.

Mr. Ramsey confirms this in a telegram from New York. The cost of the line, between Pittsburg and New York Mr. Ramsey says, is estimated to be between $75,000,000 and $100,000,000 all of which has been pledged, the bulk of it by foreign capitalists.

After leaving Pittsburg the road will touch the following towns in Pennsylvania: Freeport, South Bend, Shelocta, Cherrytree, Irvona, Dix, Loveville, Pine Grove Mills, Shingleton, Tusseyville, Coburn, Ashland, Mahanoy City, Tamaqua, Allentown and Easton.

Preliminary work will be begun this fall on the line to New York, and actual grading will be begun in the spring. The line West will be started as soon as the Pittsburg-New York line is completed.

The surveys for the lines West are not final, and the promoters of the road expect to lower the grade further and to shorten the distance before the road is laid out.

The road to New York has been surveyed three times by engineers working in different parts of the State.

The right of way through Pennsylvania will be secured by the merging of the Indiana, Clearfield and Easton, the Allentown, Tamaqua and Ashland, and the Brush Creek and Crow's Run Railroads. The merger papers will be filed this week at Harrisburg. It is believed that the capital of the roads will not be increased until the lines are completed.

The foreign syndicate will build the lines and turn them over completely to the consolidated road, which will be known, it is said, as the New York, Pittsburg and Chicago Air line, which will be capitalized at first at $1,000,000

Pointers For Voters.

If voters have not paid a state or county tax within two years preceding the sixth day of November next, they should call upon the assessor of their proper ward and have themselves assessed on their occupation so that they may qualify themselves to vote. They should do this not later than Wednesday September 5th—two months before the election. The payment of a tax to qualify as a voter must be made one month before the election, or not later than Saturday October 6th. Under the "Corrupt Practices Act," no tax can be paid for the voter by a political party, candidate or any individual, nor can a tax receipt be given to a voter as a gift. The penalty for violation of this law is fine and imprisonment.

20 Hot-Weather Don'ts for Drivers

Published by the Pennsylvania Society for the prevention of cruelty to animals, 1627 Chestnut St., Philadelphia, Pa.

Don't fail to read this.

Don't forget that your horse helps you to earn a living.

Don't forget that he will repay you for his cost, if you treat him right.

Don't stand him in the sun, when by moving him across the street or around the corner you can find shade.

Don't put the same load on him when the thermometer is at 90 as you do when it is above the freezing point.

Don't fail to give him water at short intervals.

Don't fail to bathe his head with cold water.

Don't give him whiskey unless advised by a veterinary surgeon.

Don't take any yourself. Whiskey heats the blood, and nine-tenths of the abuses of animals are directly traceable to its use.

Don't fail to wash your horse's mouth out.

Don't fail, if he shows signs of exhaustion, to give him a half-hour's rest.

Don't fail, if exhaustion continues, to bathe his entire body with water.

Don't fail in extreme case, to apply ice to the head and ice water to the body, so as to reduce the temperature.

Don't lash your horse when he is doing the best he can.

Don't lash him at any time. He'll do better if you are kind to him.

Don,t swear at him. Profanity is never commendable.

Don't forget that he is a sentient being, and can feel either the lash of your whip or your tongue.

Don't forget that he is a faithful servant, and use him as such.

Don't hesitate about employing veterinary aid when your horse is in danger.

Don't take advice from the man in the crowd, who "knows it all," and is always on hand.

Killed a Blue Herron.

Beech Creek, Aug. 14.—Wilbur Glossner, son of Fred C. Glossner of Beech Creek township, was fined $10 last Friday for shooting a blue herron. He was helping his father, who runs the engine and pump at the water tank on the N, Y, C. railroad a mile west of here and saw this rare species of fowl in the swamp of a meadow nearby. He borrowed a gun from a nearby farmer and when the bird raised he brought it down with a broken wing. This happened a few minutes before the passenger train west in the morning came along and when it stopped at the tank the boy showed it to the train crew, in his innocence that he had committed any offence. On the train were two game wardens, Joseph Berrier, of Harrisburg and H. E. Hummelbaugh of Clearfield. These men saw the bird as the train moved past. They went to Monument and came back to the tank on the 11 a. m. passenger train, and persuaded the boy to bring the bird from home upon the pretext of buying it. When the young fellow returned with it, Berrier placed him under arrest. The boy's father immediately paid the fine on the spot. Then the game warden, instead of giving the bird to the boy's father, who would seem to have deserved it under the circumstances, considering that the act was committed in innocence of any violation of the law and not the least resistance was offered, or ordering it buried as would seem to have been the other thing to do, brought it to town and gave it to one of his friends, a citizen of this place, who sent it to Williamsport to have it mounted by a taxidermist.

The bird was a beautiful specimen standing about four feet high and measuring about six feet across the extended wings. It would have been a piece of folly to have buried or destroyed such a bird.

JOSEPH W. HUNTER,
State Highway Commissioner.

Roosevelt to Review Strongest U S Fleet.

Orders for the formation of the Atlantic fleet, to be reviewed by President Roosevelt at Oyster Bay, September 3, have been issued at the navy department.

The president will be aboard the Mayflower, and the fleet he will review will be the strongest, if not the most numerous, ever assembled under the United States flag.

It will consist of forty-five vessels, carrying 1178 guns, commanded by 812 officers, with 15,235 men.

Of the guns twenty are 13 inch, thirty-eight, 17 inch; seventy-three, 8 inch; twelve 7 inch; 158, 6 inch; sixty six, 5 inch; thirty two, 4 inch; and 779 under four inch.

The auxiliary and supply ships will carry, in addition to that which is aboard the warships, 7400 tons of coal, 2500 tons of provisions and 850,000 gallon of water.

Rear Admiral Evans will be commander-in-chief.

All our waistings long cloths, India linens, French nainsooks, Paris muslins &c., at last years prices, that means far better qualites than you can get else where for the same money

GARMANS.

Woman is often referred to by man as "doubling his joys and halving his sorrows." That may be complimentary but it would seem to be rather hard on the woman. For in plain terms it means that where things are going well with the man his wife makes them go better. But when things are going ill with him he expects the wife to share half his burden. And there's more truth than poetry in this presentation of masculine selfishness Men don't appreciate the fact that the pain of motherhood alone is a burden bigger than all the loads that rest upon male shoulders. They see the wife grow thin, pale, nervous and worn without a thought that she is over-burdened. Among the pleasant letters received by Dr Peirce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in the search for help have found in Dr Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maiden and the maiden's happiness. "Favorite Prescription" always helps, and almost always cures. It has perfectly cured ninety-eight out of every hundred women who have used it when afflicted with diseases peculiar to women.

TO REPUBLICANS:

We are anxious to have every Republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a Republican Congress.

The Congressional campaign must be based on the administrative and legislative record of the party, and, that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of One Dollar each from Republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the Committee.

Help us achieve a great victory.

For three months now Eleanor had been on the desert edge fighting for her brother's health. At first the desperation of the struggle had kept her thoughts from straying eastward; had crammed with anxiety each moment that otherwise would have been wretched with homesickness.

But now, with the leisure that came with Jack's returning health, homesickness was beginning its inroads upon her. This made doubly hard to bear the fact that Jack was developing the fractiousness of the convalescent and that an ordinary pacific disposition was becoming so irritable that it taxed even the devotion of this most devoted sister. On this particular afternoon he had expressed an inordinate desire for a certain brand of cigars.

"But, Jack dear," objected Eleanor, "the doctor says that you must not smoke."

"Who says I want to smoke?" growled Jack. "I just want to look at them and sniff of them and feel them. And I want them today."

Eleanor sighed patiently. "It's five miles to town, Jacky. And though it's 4 o'clock, it's frightfully hot. Don't you want to wait until tomorrow?"

"Oh, of course, if you don't want to do the favor for me," replied the invalid, walking feebly across the tent to pick up a fan.

"Why, certainly I'm going, Jacky," she cried. "The heat won't last much longer," and she disappeared toward her own tent, leaving her brother looking a bit sheepish.

So now Eleanor was riding slowly along the blistering trail toward the sleepy little adobe village which boasted a single Yankee store, at which she thought she could get the cigars. She was a beautiful girl, slender of body and lovely of face, with the refinement of good blood through many generations showing in every lineament. Her dark blue eyes, shadowed by the heavy lashes, looked tired, and her figure drooped a little as if in utter weariness.

"It's getting pretty hard," she thought. "It's spring up there, with the snow melting into little rivulets, and the pussy willows out, and the wind flowers coming. Only the thought of Jack's getting well keeps me from going mad."

She started a little as a cheery hallo greeted her, and she saw riding down the trail toward her a broad shouldered, jolly chap in cowboy attire. He wheeled his mustang and rode beside her.

"I was taking a jaunt out to tell you that I have almost finished my work and must fly eastward again."

"Oh, that is too bad!" cried Eleanor.

The man's fine brown eyes beamed. "I've only known you a week," he answered, "but it's been a mighty pleasant week."

"Jack will miss you," said the girl.

The man eyed her silently. "She's wearing herself out," he thought. "I wish I could take her away from here. Burwell's nearly strong enough to go it alone now. Gads! She's a beauty!"

Eleanor wiped the alkali dust from her face and told him the reason for her trip to town.

"Rather hard on you," commented Hartley.

Eleanor smiled, but said nothing, and they rode for some distance in silence, Hartley's gaze scarcely leaving for an instant the drooping profile beside him.

"I wonder," he thought, "if she realizes that she's never told me a word of herself, who she is or—by the Lord Harry, if she'd have me I'd marry her tomorrow even if they both came from a foundling asylum."

By this time they were riding up the street of the dirty little Mexican village, whose inhabitants were too absorbed in the sight of the Americanos to move from beneath the horses' feet until urged to do so by Hartley in a patois that made up in vigor what it lacked in lucidity.

The Yankee store was the only frame building for miles around. It was owned by an enterprising Vermonter, who was making a small fortune in the lazy little town, where money went faster than it came.

Hartley tied the horses and they entered the store. Just as they stepped within the door it slammed shut violently behind them and the tremor of its impact shook the entire building. The storekeeper, the only other person in the dusky room, looked up in surprise that quickly changed to alarm. The tremor instead of ceasing increased.

"What's the matter?" he cried, running to the front of the store.

"I don't know," replied Hartley. "If I were up north I'd think it was a dynamite blast, but"—

Here the crockery in the window clattered and a roll of turkey red fell to the floor.

"It's an earthquake!" cried the Vermonter. "Come on, get out of here quick," and he made a dash for the knob. But the door was fast and immediately the floor was rocking so violently that the whole room seemed filled with flying articles from the store shelves. Hartley suddenly pulled Eleanor toward him, as if trying to shield her with his body. Then a great rumble, with continuous shocks like explosions, a fearful crash and darkness!

It had all happened in so short a space of time that Eleanor had scarcely realized that she was actually encountering an earthquake. She had been thrown violently to the ground, as the final shock came, and now she felt out in the darkness and encountered Hartley's quiet form. Almost hysterical with fright, she called to him and chafed his hands feverishly. Then came the voice of the storekeeper:

"Hello, you two in there!"

"Yes," called Eleanor weakly. "I'm all right, but Mr. Hartley seems badly hurt."

"The whole dinged front of the store has fallen in," called the Vermonter, "but I got out through a hole. Can you stay still till I get help?"

"Yes," answered Eleanor, and again she fell to chafing Hartley's hands.

It was a long and arduous task to remove the debris without injury to the prisoners beneath. The work was doubly long, owing to the fact that what few natives had not fled to the desert were hovering over their ruined adobes with wails of "El terremoto! El terremoto!" so that the storekeeper did most of the work himself.

Long before their rescue Hartley had recovered his senses and by combining their two handkerchiefs Eleanor had bound the wound in his head that seemed to be his only injury. It was twilight when they reached the street, a quiet, southern twilight, with just the edge of a great full moon coming up over the edge of the desert.

As soon as it was possible Eleanor with Hartley on guard set out for camp. She was greatly disturbed over her brother, though the natives assured her that the shock was not serious where there were no buildings.

Hartley, looking like a picturesque bandit with his bandaged forehead, was in great spirits despite his aching head. He said little until they were well out on the trail. Then he rode close up to Eleanor's pony.

"Miss Burwell," he said, "an accident like this makes us friends of about ten years' standing, doesn't it?"

"It surely does," cried Eleanor.

"Then," he went on eagerly, "don't you think that two such old friends could safely care for each other and—and perhaps marry each other?"

Eleanor did not seem so much astonished as the short acquaintanceship might warrant. But she blushed deeply in the moonlight.

"But you don't know me and I don't know you," she said.

"Well, I'm an architect," he answered, "and I live in Chicago and"—

"Not the 'John Hartley, architect,' that all the world knows!" cried Eleanor.

"I'm afraid so," he replied, a little sheepishly.

Eleanor gasped. "My little name sinks into insignificance," she said.

Hartley looked at her suspiciously. "You aren't E. Burwell, the illustrator!" he exclaimed.

"I'm afraid so," she mocked.

Hartley stopped the ponies and drew her close in his arms. "Whatever the names," he whispered, "we belong to one another, anyhow."

A Bible Courtship.

A young gentleman at church conceived a most sudden and violent passion for a young lady in the next pew and felt desirous of entering into a courtship on the spot, but, the place not suiting a formal declaration, the exigency suggested the following plan: He politely handed his fair neighbor a Bible, open, with a pin stuck in the following text, second epistle of John, verse 5: "And now I beseech thee, lady, not as though I wrote a new commandment unto thee, but that which we had from the beginning, that we love one another." She returned it with the following, second chapter of Ruth, verse 10: "Then she fell on her face and bowed herself to the ground and said unto him, Why have I found grace in thine eyes, that thou shouldst take notice of me, seeing I am a stranger?" He returned the book, pointing to verse 13 of the third epistle of John, "Having many things to write unto you, I would not write with paper and ink, but I trust to come unto you and speak face to face." From the above interview the marriage took place the following week.—Scottish American.

The Geese Won.

An English gentleman once laid a wager with George IV. that geese would beat turkeys in a race. The king, thinking that such a wager was already as good as won, willingly made the bet, and the gentleman was left to choose time and place and distance. Being well acquainted with the habits of the birds he accordingly chose for the time the evening, just before sunset, and for the place the road outside the city walls and a mile for the distance. The time came and each appeared with his flock of birds and the race began. Long ere the end came the sunset and immediately, true to their instincts, as soon as the sun had quite disappeared all the turkeys flew up into the nearest tree to roost, and no persuasion could induce them to budge an inch farther, and the geese, which had been slowly toddling on behind, quietly cackled in—the winners.

Alleged Embezzler Arrested.

New York, Aug. 16.—On a charge of being a fugitive from justice, it being alleged that he is wanted in Memphis Tenn., on a charge of embezzling $10,000, Clark T. Barton, 37 years old, was locked up in police headquarters. The Memphis authorities were notified.

City Treasurer Short $282,000.

Akron, O., Aug. 16.—County Treasurer F. E. Smith, who was found to be nearly $282,000 short in his accounts by examiners appointed by the probate court recently, resigned the office of treasurer of the county. He remains treasurer of the city and the school funds.

LIVELY DAY ON 'CHANGE

Dividend Announcements Caused Enormous Speculative Flurry.

POOLS' PROFITS WERE $25,000,000

Union and Southern Pacific Declares Semi-Annual Dividends of 5 and 2 1-2 Per Cent. and Brokers Rush to Buy Stocks.

New York, Aug. 18.—Amid scenes of frantic trading on the stock exchange, Union Pacific common stock rushed upward 17½ points a share, and that of Southern Pacific 6⅞ points, after an announcement of dividends far in excess of what the traders had any reason to expect. The result was that a large number of traders who had sold the stock short suffered sharp losses, and, according to an estimate reported by the Evening Post, a pool in Union Pacific stock realized profits amounting to $15,000,000, and a similar pool in Southern Pacific $10,000,000.

Notwithstanding the meeting of the executive committees of the Union Pacific and Southern Pacific roads in this city, the bulk of the brokers were totally unprepared for the announcement of dividends which was made public soon after the opening of the market. The dividends were: Union Pacific preferred, 2 per cent., semi-annual; common, 5 per cent., semi-annual; Southern Pacific, common, 2½ per cent., semi-annual. Union Pacific common heretofore paid 3 per cent., and this dividend was the first ever declared on Southern Pacific common.

Brokers were swept into a mad struggle to buy the two stocks within a minute after the announcement was circulated, and the excited scenes which ensued had hardly been exceeded since the great struggle to control Northern Pacific five years ago. The shorts in both Pacifics were surprised and unprepared for the upward rush which followed, and led the scramble to cover. Within half an hour after the announcement Union Pacific had bounded up more than eight points and Southern Pacific nearly seven. Feverish activity prevailed in the two stocks throughout the session, with various halts in the upward movement when the traders sold to realize profits. Except for these halts the upward movement in Union Pacific continued throughout the day almost to the close of the market, when there was a slight recession on profit-taking. Southern Pacific's advance, however, was halted early and held. Union Pacific's extreme advance was from 162⅝ to 179¾, and Southern Pacific's from 83⅞ to 89. The total sales of Union Pacific were 647,100 shares, and those of Southern Pacific 481,600.

A REMARKABLE MIRAGE

Picture of Canadian Side of Lake Erie Seen in Sky at Cleveland.

Cleveland, Aug. 16.—Residents of the Heights in the eastern part of the city witnessed one of the most remarkable mirages of which there is any record in this part of the country. Wonderfully clear and distinct, the Canadian shore of Lake Erie, 60 miles distant, was spread out before them in the sky. The phenomenon lasted for over an hour, and attracted the notice of thousands of people before it faded. The inverted atmospheric picture was so clear that the city of Rondeau could be plainly seen, the church spires and principal buildings standing out in bold relief. Tall trees and a river emptying into the lake could also be seen.

It is the first mirage seen here in many years, and Local Weather Forecaster Keanly says that the recent heavy rains over the lake may have had something to do with creating atmospheric conditions to make a mirage possible. The sky to the north was remarkably clear all day.

SULTAN HAS RECOVERED

Palace Officials Say He Has Regained His Health.

Constantinople, Aug. 16.—The officials inform callers at the palace that the sultan was suffering from the effects of a chill during the past week, but that he has now completely recovered. His physicians, however, advised his majesty not to risk exposure to the open air, and hence the abandonment of the selamtik Friday.

The local press is forbidden to publish anything concerning the state of the sultan's health or of the abandonment of the selamtik.

Sensational stories of the sultan's illness are in circulation here, but in best informed circles confirmation is given the statement that there is a slight improvement in his condition, and that he is in no immediate danger.

Moving the Well.

A New England woman once had in her employ a rosy cheeked Irish maid of all work, whose blunders afforded them amusement to compensate for any trouble she might entail. One day the owner of the place stated in the girl's hearing that he intended to have a wood house built on a piece of ground which at that time inclosed a well.

"Shure, sor," said the inquiring Margaret, "will you be movin' the well to a more convenient spot whin the wood house is builded?"

As a smile crossed the face of her employer Margaret at once perceived she had made a mistake of some sort.

"It's a fool I am, shure," she added hastily, bound to retrieve herself. "Of coorse whin the well was moved ivery drop of wather would run out of it!"

EXPLOSION ON WARSHIP

Five Men Burned By Accident On Torpedo Boat Destroyer.

Norfolk, Va., Aug. 16.—Five men were burned by an explosion in the paint locker on the torpedo boat destroyer Worden at the Norfolk navy yard.

While driving rivets in the paint locker on the Worden, one of the hot pieces of steel fell into a quantity of varnish, causing it to explode. The force of the explosion was so great that Robert White and William H. Wilson, who were driving the rivets, were blown through the opening leading into the paint locker and landed on deck. Immediately after the explosion the little boat caught fire, but the flames were extinguished without material damage.

Those injured are William H. Wilson, burned on head and entire left side from waist up, left eye badly injured, may die; Robert E. White, negro, painfully burned about right side and face; Hurlett Hodges, negro, burned on head; Henry Shurman, hair signed off, burned on hands and face; Joseph Harrow, right hand burned; unknown negro laborer, both hands badly burned.

All of the injured will recover, with the possible exception of W. H. Wilson. His entire left side is horribly burned, and it is believed that he inhaled some of the fire in the locker. He may also lose his left eye. He was sent to St. Vincent's hospital, in this city.

The other injured were sent to their homes in Norfolk and Portsmouth.

CHINESE LABOR FOR CANAL

Contracts Calling For 2500 Coolies Already Prepared.

Washington, Aug. 16.—Chinese labor will be given a thorough test on the Panama canal. Contracts calling for 2500 Chinamen for canal work have been prepared, and advertisements will be issued by the Isthmian canal commission in a few days asking for proposals from labor agents.

If the initial 2500 Chinamen prove a success it is likely that many more will be taken to the Isthmus to do the work, which is too hard for the Jamaicans now employed there in large numbers. Organized labor has offered much opposition to the employment of contract Chinese labor, but the Jamaican workmen have proven inadequate, sufficient Spaniards cannot be had immediately to rush the work, and the Chinese are the last hope of the commission.

If the contractors obtaining help for the commission do not pay more on the Isthmus than Chinese are paid in others parts of the world, it is believed the daily wage of the coolies will be less than that of the Jamaicans on the Isthmus.

WILL DISMISS TELEGRAPHERS

Lackawanna Railroad to Control Trains By Signal System and Telephone.

Scranton, Pa., Aug. 16.—Official announcement was made here that the Lackawanna railroad will, at an early date, dispense with the services of telegraphers on its system and will control the movement of trains with the automatic block signal system and the additional telephon facilities. The change will affect the entire line from Hoboken to Buffalo as well as all the branches. This will be the first railroad in America to make such a sweeping change. Trains will then be controlled under rules practiced in England, where despatchers are unknown.

Towerman Averts Terrible Accident.

Poughkeepsie, N. Y., Aug. 18.—The presence of mind of a towerman on the New York Central & Hudson River railroad at Fishkill was the means of averting what might have been a terrible accident. As freight train A. N. four, south-bound, neared the Fishkill station one of the wheels of a car loaded with lumber broke and the car careened and fell on the north-bound track with a crash. The noise attracted the attention of the towerman. Immediately realizing that train 17, the Wolverton express, was due, he threw the signal against the train. The speed had been considerably checked, but the train ran into the derailed car, tearing off the air reservoir from the side of the engine and sideswiping the coaches of the train. No one was injured, but traffic was delayed for some time.

Aged Woman Killed By Auto.

Allentown, Pa., Aug. 18.—Mrs. Matilda Flory, aged 78 years, was struck by an automobile and instantly killed. The automobile is owned by Francis Weiss, of Bethlehem, and at the time of the accident was running less than 10 miles an hour. Mrs. Flory stepped from the trolley track directly in front of the automobile.

Seven Injured By Falling Wall.

Wilkes-Barre, Pa., Aug. 18.—Seven men were badly injured, two probably fatally, by the falling of a wall of a building which was being torn down in the central part of the city. All the injured were taken to a hospital.

William S. Leib Defeated.

Pottsville, Pa., Aug. 20.—A complete surprise was caused by the late returns of the Republican primaries received from the country districts. These so change the result that it is apparent that Charles N. Brumm, of Minersville, will have 800 majority over William S. Leib for the congressional nomination.

SEVEN DEAD IN WRECK

Fast Freight Runs Down Work Train Near Johnstown, Pa.

SEVEN INJURED, SOME FATALLY

While Running 45 Miles an Hour, Freight Crashed Into Work Train, Demolishing Cars as If Made of Paper—Victims Were Asleep.

Johnstown, Pa., Aug. 20.—The Conemaugh work train going east was run into at Sang Hollow, near this city, by a Pennsylvania railroad freight going 45 miles an hour, and seven men belonging to the work train were killed and seven of the same crew were seriously injured, some of them perhaps fatally.

The dead are: George W. Meade, Johnstown; Edward Stevens, Mike Todish, Mike Tepsic, Milny Mokure, Tanko Sreimoc and Tanko Simunlio, all of Conemaugh.

The injured: Samuel Watts, Conemaugh, lacerated wound of head and fractured ribs; Frank Agey, Conemaugh, lacerated wounds of head and face and fractured ribs; S. N. Wood, Altoona, lacerated wounds of head and face; Bozo Ninkovic, Conemaugh, fracture of left leg; Mike Sabich, Conemaugh, compound fracture left thigh; Samuel Wrelemir, Conemaugh, lacerated wounds of head and face and fracture of skull; George Sclak, Conemaugh, contusions of the shoulders.

The Conemaugh work train was called out to clear away a small wreck which had occurred west of Sang Hollow. When this work had been completed the train started for home, but stopped at a water plug near Sang Hollow to take water. The Fort Wayne freight, No. 2, loaded with perishable goods, was stopped by signal at "NR" tower east of Seaward and given orders to deliver to another freight crew. When Engineer Woods approached the water pans he increased the speed of his train so that he could scoop water into the tender, despite the fact that he had been ordered to run under a green block until the work train was out of his way.

Woods, owing to the heavy rainfall at that time, did not see the work train until he was almost upon it. He jumped, receiving injuries which will probably result in his death. His fireman stuck to the engine and was not injured.

With frightful force the engine crashed into the work train. All of the laborers and others on the train were asleep, and the majority of those killed never knew that they had been struck. The heavy engine crashed through the work cars as if they had been made of paper. The cries of the wounded, the burning cars, the overturned engines and the sound of escaping steam combined to make a most horrible sight. The crew of the freight made an attempt to rescue the men from the cabin car, but owing to the fact that the doors were battered in on the wreck and the timbers were crushed so that entrance was impossible, it was some hours before it was found out how many were dead. Four men were dead when taken out. It is claimed that four others are in a dying condition. According to reports Woods exceeded his orders when he attempted to take water on the fly. A thorough investigation will be made.

When the wreck had been cleared away it was found that part of the last car on the work train had been thrown 150 feet up a hill at the point of the wreck, and one set of the trucks had been hurled in an opposite direction 75 feet into the river.

BERTH FOR JAMES

President Appoints Him Member of Interstate Commerce Commission.

Oyster Bay, N. Y., Aug. 18.—President Roosevelt appointed James S Harlan, of Chicago, a member of the interstate commerce commission. Mr Harlan is a son of John M. Harlan, associate justice of the supreme court of the United States. He is a lawyer of extensive practice, and held for some time the position of attorney general of Porto Rico. The appointment of Mr. Harlan completes the membership of the commission as provided for under the new railroad rate law. The appointment was decided upon by President Roosevelt several weeks ago, but it was deemed best not to make the announcement until this time.

CANADIAN OFFICIAL UNSEATED

Right-Hand Man of Premier Must Seek Re-election to Parliament.

Shelburne, N. S., Aug. 18.—Hon. W. S. Fielding, minister of finance in the Canadian government, was unseated as member of parliament for the Queens-Shelburne district by the supreme court. Minister Fielding was charged by the leaders of the Conservative party in the district with holding his seat illegally on the ground that his political workers in the last general election had been guilty of corrupt practices. Fielding, who is the right hand man of Sir Wilfrid Laurier, the Canadian premier, will be obliged to seek re-election before he can again sit in parliament.

Searching For Stensland In Ohio.

East Liverpool, O., Aug. 18.—Chief of Police Wyman and others of the police force are searching for Paul O. Stensland, who, it is thought, came to this city some time Thursday. Detectives from Pittsburg are also here looking for the banker. He is said to have left Pittsburg Wednesday and is said to have been traced to East Liverpool.

ANCIENT VALPARAISO

Earthquake Stricken City the Most Important On South Pacific.

New York, Aug. 18.—Valparaiso is a fortified seaport of Chile and the most important commercial town of the western coast of South America. It has a population of about 150,000. It is the capital of a province of the same name and is situated on a large bay in the Pacific Ocean, 75 miles west-northwest of Santiago, with which it is connected by rail. The city was founded in 1544.

The Bay of Valparaiso, which is well sheltered on three sides, is bounded by ranges of hills rising to from 1600 to 1700 feet high, on the slopes of which a considerable portion of the city of Valparaiso is built. On the south side of the bay are the spacious suburbs of Nuevo Malecon and Gran Avenida, from which passes out one of the finest of the thoroughfares of Valparaiso, the Avenida de las Delicias. The lower central section of the city is constituted by the Almendral, having regular and attractive streets and containing the principal business houses, the park, the Plaza Victoria and the National Theatre.

NEGROES ENDORSE LYNCHING

Say South Carolina is Rid of Mean, Disreputable Character.

Columbia, S. C., Aug. 18.—Governor Heyward returned from the scene of the lynching f othe negro Bob Davis, near Greenwood. When asked for a statement concerning the lynching the governor said he had nothing to say further than that after a conference with Solicitor Cooper, of the Greenwood circuit, he had directedD arthth wood circuit, he had instructed that officer to take immediate steps to prosecute the known members of the mob. A negro school teacher of the neighborhood has written a card to the newspapers in which he endorses the lynching of Davis.

The negro citizens of Greenwood county issued an address endorsing the lynching of Bob Davis.

"We think we voice the sentiment of every respectable negro in the country," they say, "when we say that the country is rid of one of the meanest, most disreputable characters imaginable, and your thoughts are ours. It is unreasonable to expect the white men to respect and protect us when we do not respect ourselves. The only thing wanted was the right man, and that is what we had, and we are satisfied."

FIFTY MEN ENTOMBED

Buried Alive In Tunnel By Cave-In. Rescuers at Work.

Bristol, Va., Aug. 18.—Fifty men are entombed alive in the Clinch Mountain tunnel at Clinchport, Va., as a result of a cave-in. It is not known whether the men are read or alive, but the work of rescue is being rushed as fast as possible. Air is being pumped into the tunnel by several pumps for a distance of 7000 feet, and a large force of men is working in an effort to rescue the unfortunates before they perish, if they are not already dead.

Men, women and children are at the mouth of the tunnel awaiting news of those dear to them inside, and pitiable scenes were enacted. Women screamed and wrung their hands and cried hysterically for fathers, brothers and loved ones who are imprisoned in the black hole.

No bodies have as yet been recovered. The tunnel is being driven through Clinch mountain and is to be one mile in length.

CHOKED TO DEATH BY ROBBER

Farmer's Wife Murdered and Home Ransacked.

New York, Aug. 18.—Mrs. Mary Manelski, the wife of a farmer, was strangled to death in the dining room of her home in East Williston, L. I. Her body was found by her son, lying on the floor, face downward, with her apron bound arcund her neck. The rooms were ransacked, and it is believed that $1000 which was in the house was stolen. Peter Levy, a negro employed nearby, was arrested on suspicion. He denied any knowledge of the crime.

GEOLOGIST ATE TOADSTOOLS

John W. Scott Mistook Them For Mushrooms, and is Dying.

Altoona, Pa., Aug. 18.—As a result of eating toadstools for mushrooms, John W. Scott, aged 74, a geologist of note and one-time editor of the Altoona Times, is dying of the poisonous vegetable at his home in Blandsburg. He ate the toadstools for supper Wednesday night, and was taken ill shortly afterwards.

TO FIGHT FOR 2-CENT FARES

Governors of Other States Will Help Campaign In Pennsylvania.

Harrisburg, Pa., Aug. 18.—S. M. Williams, of Pittsburg, secretary of the state board of trade of Pennsylvania, was in Harrisburg arranging with ex-Mayor Vance C. McCormick, president of the board, for a meeting at Philadelphia on August 25 to consider bills giving trolley companies the right to carry freight and for a uniform two-cent fare on steam railroads to be presented to the next legislature.

Mr. Williams said that more than 90 per cent. of the legislative candidates in this state were pledged to vote for these bills, and that all the governors east of the Mississippi, with the exceptions of the executives of Maryland, Kentucky, Maine and New Jersey, have promised to co-operate with the board for the passage of two-cent fare bills by the legislatures of their respective states.

EARTHQUAKE SHAKES CHILE

Meagre Reports Say Valparaiso is in Ruins and Burning.

HUNDREDS SAID TO BE DEAD

Cable Communications Are Cut Off, and Details of Disaster Are Scant. Numerous Districts in Chile Reported Partially Or Totally Destroyed In Private Messages.

Except for a few messages reporting an earthquake in Chile and damage to buildings in Valparaiso, no direct news from Chile has as yet been received. The early reports, coming from different points, stated that the earthquake had resulted in great loss of life and widespread damage to property.

The Associated Press correspondent at Buenos Ayres cables that it is feared the town of Los Andes, in the province of Aconcagua, has been destroyed. At the same time he points out that Buenos Ayres has no direct communication with the disturbed district.

No official information has reached Washington from Chile, and, while positive information is lacking, New York officials of cable companies having connections in South America express the opinion that the first reports of the earthquake were exaggerated.

All cables reaching New York from Chile and Valparaiso were evidently much delayed, according to the statements of these officials, who are themselves unable to get any information bearing on the situation other than the fact that an earthquake had occurred; that the disturbance has disarranged telegraphic apparatus and interfered with communication.

There is much anxiety among those who have friends and relatives in Chile. The cable companies and newspapers are making every effort to secure definite information.

It is pointed out that the entire absence of any word from official sources in Valparaiso and other points in Chile may be taken as indicating considerable exaggeration in the reports of loss of life and extent of damage.

VALPARAISO IN FLAMES

Report Says Hundreds of Bodies Are In Ruins.

New York, Aug. 18.—A private cable dispatch to W. R. Grace & Co., from Valparaiso, received by way of Lima, Peru, says that the earthquake in Valparaiso was severe and that business in the city has been totally suspended. The dispatch further stated that Grace & Co.'s buildings in Valparaiso were badly damaged, but that none of the occupants were injured.

One report received here is that the situation in Valparaiso may prove to be as serious as the San Francisco disaster.

Practically every building in the city is damaged and there are fires in different parts of the city. Many persons are reported killed and injured.

Cable communication with South American points was cut off by the earthquake, and the only reports of the disaster received here came by way of Lisbon.

One report which reached this city said that portions of Valparaiso were burning all night and that the bodies of hundreds of its residents were buried in the ruins of the buildings.

London Hears Town is Afire.

London, Aug. 18.—Some London firms trading in Valparaiso have received telegrams from agents there. One, to James & Alexander Brown, says:

"Severe earthquake. Commerce paralyzed, town afire, staff safe." Other dispatches give no details and merely record the safety of their offices and staff.

A Hamburg firm is alleged to have received a dispatch stating that numerous districts in Chile had been partially or totally destroyed, that Valparaiso had been practically demolished, that many ships had been lost and that over a hundred persons had been killed and many hundreds injured. This dispatch, however, is not well authenticated.

The Signs of Heart Trouble

You can Surely Secure Heart Health and Strength through Dr. Shoop's Restorative.

Heart weakness which can be dealt with all is nerve weakness. Just as your hand trembles when its nerves are weak, when your heart nerves are weak your heart flutters and palpitates. Other signs are shortness of breath after slight exercise; fainting spells; pain or tenderness about the heart caused by irregular heart action; choking sensation as if the heart were in the throat; uneasy sensation in the chest, showing that the heart is working right; pain when you lie on one side—usually the left side, but frequently the right, painful and difficult breathing; smothered feeling. There is a solutely one way to treat weak heart That is to bring back natural and permanent strength to its nerves. Can you imagine how anything else can be done? Dr. Shoop's Restorative will bring back the strength to the heart nerves always. There is nothing this remedy to stimulate; nothing that leads to reaction. The strength that it gives natural and permanent. It is just the same strength as Nature gives to those who are well. Dr. Shoop's Restorative (Tablets or Liquid) creates strength which extends over the whole inside nerve system—it overcomes the cause of the trouble as well as the result. Sold by

PRINTERS CLAIM VICTORY

Union Reduces Assessment and Claims Eight-Hour Fight Is Won.

Colorado Springs, Colo., Aug. 18.—With the declaration that the fight for the eight-hour day is as good as won, the 52d annual convention of the Typographical Union voted to reduce the strike assessment from 10 to 8 per cent. of the wages of employed printers. At this time 38,960 members are working eight hours, 2556 are under a nine-hour contract and 4709 are on strike.

The expenses of the strike to date has been approximately $1,600,000, all of which, with the exception of $47,715, has been contributed by members working under undisturbed conditions. It was decided that the sum allowed members on the strike roll be not in excess of $7 a week for single men and $10 for married men, and that where men refuse to work because the amount earned does not equal the strike benefit that they be cut off from the benefit list entirely.

Noted Doctor Arrested For Larceny.

New York, Aug. 18.—Dr. Whitman V. White, 72 years old, consulting physician and member of the board of managers of the Manhattan State Hospital for the Insane, was arrested in Pittsfield, Mass., on a charge of grand larceny, the amount named in the complaint being $1485. The charge was made by James O'Sullivan, of the Bronx, for whom Dr. White acted as guardian until O'Sullivan came of age, early this year. O'Sullivan alleges that in paying to him his share of his father's estate Dr. White withheld $1845. Dr. White declares the matter will be very quickly settled and that he will be released and cleared of any criminal charge.

Milk Dealers Sued.

Harrisburg, Pa., Aug. 18. — James Foust, special agent of the state dairy and food division, brought four suits at Gettysburg against the Hanover Produce company, of Hanover, on a charge of furnishing milk treated with formaldehyde to the troops of the National Guard of Pennsylvania during the recent division encampment. This company is alleged to have furnished the milk to two local dealers, by whom it was sold to the soldiers. Suit was also brought against E. J. Cleveland, of Gettysburg, on a charge of selling watered milk to the troops.

Jap Middy Is Dying.

Annapolis, Md., Aug. 18.—Kingiro Matsukata, the Japanese midshipman, who has been ill with typhoid fever, is worse and his death at any moment will cause no surprise to the naval academy authorities. His brother, Otohike Matsukata, was called from Harvard, where he is studying, to his bedside.

Nearly Decapitated By Train.

Norfolk, Va., Aug. 18. — In plain sight of hundreds of people who attended the ball game at Lafayette Park, and not far from the park, the head of Richard Land, a merchant of Portsmouth, was nearly severed from the body by a car of the Norfolk Railway & Light company.

Practical Joke May Lead to Murder.

New York, Aug. 18.—As the consequence of a practical joke played upon a business rival, Robert Cusick, a young ice dealer, is in a hospital fatally stabbed. Pasquale De Shon, also an ice dealer, and Mary De Shon, his wife, are locked up, charged with felonious assault. Cusick thought it would be good fun to play a trick on De Shon. So he hired a boy to visit the rival dealer and give him imaginary orders for ice. De Shon went out with a cart full of ice, only to find that his prospective customers were myths. This angered him greatly and he told his wife about it. Meeting Cusick on the street, Mrs. De Shon plunged a knife into his stomach, and he fell to the sidewalk unconscious. Then De Shon took the dripping knife and stabbed Cusick while he was lying on the sidewalk.

Three Injured In Burning Home.

Wilkes-Barre, Pa., Aug. 18.—The little daughter of Roth Pezon and two of his boarders, Anthony Roshefski and John Yonkowicz, were seriously burned during the destruction by fire of the Pezon home at Duryea, due to the boiling over of preserves that Mrs. Pezon was preparing for winter use. The Pezon family and a neighbor, John Rustay, lost all their belongings.

Woman Killed By Lightning.

Crawfordsville, Ind., Aug. 18—While members of the Ladies' Aid Society of the Christian church at Wallace, Ind., were rehearsing an entertainment the church was struck by lightning, and Mrs. John Bellis was instantly killed. Mrs. Bessie Philpot and Miss Una Shoeaf were seriously injured. The church building was severely damaged.

Threshing Engine Sets Large Barn Afire

Beech Creek, August 17.—The large barn on the farm of John Haagen, situated about three miles east of this borough on the main road to Lock Haven, burned Thursday night. The fire was discovered shortly after 11 o'clock and had gained such headway that only the live stock and a few implements were saved. All of this season's crops are a total loss. Also 500 bushels of old wheat and 200 bushels of old oats. Every building about the premises was burned except the house, which a northeast wind aided in the efforts to save. The barn, tobacco shed, granery, ice house and pig pen went up in smoke, and the fire was one of the kind in this valley in years, the reflection being seen for many miles in every direction.

There is no doubt but that the fire was caused by a spark from the engine which operated the threshing outfit which had been operating there Thursday. Evidently the spark smouldered for hours in some obscure place undetected, breaking out in flame during the night. The direction of the wind and the position of the engine would make it easy for a spark to be carried towards the barn.

The threshing outfit belonged to George Brungard of Nittany valley and the thresher which was in the barn floor was burned. The engine and water tank were saved.

In the wagon shed was a hay and straw bailer which was owned by W. G. Shaffer and which was to have been used after threshing, to bail the straw. This was burned also.

The loss is a serious one to all concerned. Mr. Haagan is an old man and the blow is a hard one on him. The total loss is estimated at $4,000, on which there is an insurance of $2,000 in the Grange Insurance company.

The fire was so near the public road that people driving from Mill Hall on the way home from Hecla Park were held up for several hours, unable to drive past.

Love Affair to Culminate in a Marriage Ceremony.

Invitations are out announcing the marriage of Rev. Milton E. Bollinger of Manline, Bureau county, Illinois, to Miss Margaret Evans of Williamsport. The ceremony will be performed next Thursday in the High Street Methodist church, Williamsport, of which church the prospective bride is a member.

Rev. Bollinger, who is a native of Aaronsburg, is serving a Lutheran charge at Manlius, in which town the reverend and his prospective wife have announced they will be at home after September 25.

Miss Evans formerly lived at Potters Mills. The marriage of Rev. Bollinger and Miss Evans will be the culmination of a love affair begun in Centre Hall, about two years ago at which time Mr. Bollinger was the guest of his brother-in-law, W. W. Spangler, in that place, and Miss Evans was there to attend the sessions of a Christian Endeavor convention. Miss Evans is a splendid extemporaneous speaker, and took a lively part in the discussions before that body. This led the young minister to seek her acquaintance, and the rest—well, it's not for publication.

Where is Clarence Freet?

Clarence, the 13 year old son of Mrs. Elizabeth Freet of Shippensburg, who left his home about four months ago, has not as yet returned or been located. The boy is possessed with rather a manderly disposition and can make himself useful generally. Should any person who reads this, discover his whereabouts, they will confer a great favor by addressing his anxious mother on Washington street, Shippensburg, Pa. Other papers please copy.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghampton, N. Y., on every bottle.

BRIEF MENTION

Short Items of Local Interest Gathered By The Way Side

—Private sale of library, choice books. 101 East Linn Street. d-w 1wk 8-9

—Joseph Thall has laid a handsome new flag stone walk in front of his residence on North Thomas street.

—J. M. Young of Bellefonte has moved his family to Monument, Pa., where he has secured a good position in the brick works.

—Ivan Walker, son of Ex-Sheriff W. Miles Walker, is gradually recovering from a spell of illness. He was threatened with typhoid fever.

LOST—A gold locket with initials E. M. D. engraved thereon; somewhere between Watchman office and East Bishop street. Reward if left at this office.

—Joseph L. Montgomery has decided to case his house with brick at once instead of waiting a year or so as he had at first thought of doing, and bricklayers are now at work laying the brick.

—There are two ways of getting into a newspaper—"purchasing an interest and purchasing an interview." There is still another way—pulling the wool over the editor's eyes and getting in for nothing. This is a very popular form of entry.

—"Quincy Adams Sawyer" is among the attractions looked for early production at Garman's opera house this season. It is a beautiful show and will no doubt draw a crowded house. It is the best New England play ever written and is dramatized from the great novel by that name. The book is on sale at the Index book store and if you want something fine in the novel line read "Quincy Adams Sawyer."

—Luzone, the horse owned by Sidney T. Isett, of Spruce Creek, and entered for the races at Bloomsburg Friday and Saturday, captured the free-for-all at Shamokin Wednesday in the presence of about 2,000 people attending the mid summer meet of the Shamokin Driving Club. Luzone broke the track record of 2:19 1-4, going in 2:17 1-2. He took the race in three straight heats H. L. Faux was the driver.

—A courageous Brush mountain lady, Mrs. Leady, whose home is near Hollidaysburg, on Wednesday captured a large chicken hawk alive. She was alone at her home and, hearing the chickens making a great noise, started to investigate, and to her surprise discovered a monster hawk making a supreme effort to carry off a large hen. The bird of prey flew against the wire netting of the coop and Mrs. Leady threw her apron over the bird and captured it. She now has it in captivity and the neighbors say it is the largest hawk ever seen in the vicinity.

—Quite a surprise was sprung in newspaper circles here when it was announced on Saturday that Francis Speer had tendered his resignation as local editor of the Gazette and on September 1st would become Associate Editor of the Centre Democrat. Mr. Speer has been connected with the Gazette for the past sixteen years and besides being the author of the famous "That" column is a local editor of marked ability. In newspaper language we might say he has a nose for news and understands how to dish it up. We wish Francis success in his new position and congratulate the Centre Democrat on securing so trustworthy and reliable a man. We feel sure that Francis will "make good."

—The other day Frank M. Eastman, of the Dauphin county bar, attorney for the State Health Dept. arrived in Huntingdon with instructions from the Department to institute suit against the Borough for an alleged violation by the Borough of the Act of April 22, 1905, which act provides that within four months from the date of its passage all municipalities operating sewer system from which sewage is discharged into the waters of the state, shall file a report of such sewer system with the Commissioner of Health. Failure to file such report within the time prescribed renders the municipality liable to a fine of $50 and in addition it is prohibited from discharging sewage from such system into the waters of the State, without a permit from the Commissioner of Health under a penalty of $50 per day for each day during which such sewage is so discharged without such permit. The Borough of Huntingdon has failed to file the report as called for by said act and the penalties already accrued by reason of such failure aggregate more than $18,000. Mr. Eastman learned that council was to hold a special meeting refrained from entering suit, but laid the entire matter informally before that body. The borough is taking steps to comply with the law and will probably escape the heavy penalty.

A CHANCE FOR BELLEFONTE SPORTS.

Lock Haven Express Gets Back at Daily News for Criticising Auto—Milton Game.

The Lock Haven Express of Saturday comes back at the Daily News for criticising the Auto—Milton game at Hecla Park Thursday as follows:

"The Bellefonte News is inclined to knock at the Autos as follows:

'The base ball game between the Autos of Lock Haven and the Milton team resulted in a victory for Milton by the score of 5 to 0, The Lock Haven people made such a fight for this game and did so much blowing in regard to their team that we expected them to wipe up the ground with Milton. But it was "skidoo" "23" for their's.

This is the best Bellefonte could say for us and they are a part of this picnic association, and, moreover, their bunch of would-be-sports all rooted for Milton.

A sleepy town that hasn't spunk enough to get up some kind of a base ball nine ought not to throw stones.

We believe the Auto club can lick any team that can be gathered up all over Centre county if Bellefonte cares to try it they can have the chance."

Now here is a chance for Bellefonte's base ball fans, We believe our town and county capable of producing as good an amateur team as there is in the state.

Our reason for criticising the Auto—Milton game was simply this; the people who went to Hecla Park to see a base ball game and paid 25 cents admission fee expected to see a bang up game of ball between professional teams if you are pleased to call it such, and not amateurs. We will admit that the Auto's are a good amateur ball team, but Snow Shoe, Millheim, Centre Hall, State College, Pine Grove Mills and Baileyville can put up just as good ball every day in the week and don't charge an admission fee either.

Meyer and Maurey Reunion.

There was a notable gathering at Hecla Park on Friday Aug. 17th, when 115 decendents of the Meyer and Maurey families together with many friends met for their first reunion.

Of the children of John Maurey and wife there are 179 descendents. Into this family John Henry Meyer married, by his first wife, Elizabeth, he er of 13 children. By his second marriage to another Elizabeth Maurey he became the father of 16 children. This second wife and the larger portion of the living children of John H. Meyer and present at this reunion. The meeting was called to order by chairman, E. C. Meyer of Milesburg. After singing, addresses were delivered by H. S. Mitchell, Flemington; Rev. A. C. Lathrop, Milesburg; and A. M. Riegel, Salona. A splendid and sumptuous reunion dinner was partaken of heartily by all. In the afternoon the committee on permanent organizations reported and the following were elected officers: H. S. Mitchell, Flemington, president; J. M. Meyer, Burns W. Va., vice-president; Miss Anna Meyer, Coalport, secretary; J. H. Meyer, Altoona treasurer; committee on arrangements, E. C. Meyer, Milesburg; Arthur Riegel, Salona; J. D. Miller, Hublersburg; committee on entertainment, J. Whippo, Warriorsmark. A very pleasant time was enjoyed by all present and all hoped for many more such pleasant reunions.

An old Document.

An old document, found recently among other papers, by Wm. P. Humes of the First National Bank of Bellefonte. It is the official return of the election held in Bellefonte, for presidential electors, on November 7th, 1848. Gen. Cass was the democratic nominee for president and Gen. Zack Taylor the whig candidate. There were 26 electors. The borough of Bellefonte at the time appears to have been democratic, as the return shows 125 votes for the Cass electors, and 112 votes for each of the Taylor electors. One vote was cast for each of the Daniel Webster independent, electors. Andrew G. Curtin was the whig elector, and William Bigler the democratic elector, for this district. The report is signed by H. Humes and H. N. McAllister, inspectors, and James F. Hale, judge; attest, Henry P. Trezuvnlny and Wm. Wallace Hays, clerks. The document will be filed with the Linn Historical Society.

MRS. DEBORAH D. MITCHELL.

The Wife of Isaac Mitchell Dies at Her Home on West Curtin Street.

On Friday evening at 10:30 o'clock, Deborah D., wife of Isaac Mitchell, died at her home on West Curtin street after an extended illness. About three years ago she suffered a stroke of apoplexy resulting in paralysis from which she had never fully recovered. On last Friday morning she suffered a second attack from which she never rallied, but gradually grew worse until she quietly passed away.

The deceased was born in Howard, Centre county, Pa., March, 9th, 1845, making her age at time of death 61 years 5 months and 7 days. She came from an old revolutionary family, being a daughter of Jacob V. Thomas and a grandr daughter of William Thomas, the latter one of the pioneer business men of Centre county. The family finally located in Bellefonte where she was united in marriage November 11, 1869, to Isaac Mitchell, now assistant treasurer of the Bellefonte Trust Company.

She is survived by her husband and the following sons and daughters, J. Thomas of Bellefonte, Joseph D., of Burnham; Mrs. John Porter Lyon, Miss Grace and Malcolm, of Bellefonte.

Mrs. Mitchell was a member of the Society of Friends, a God-fearing christian woman of lovely disposition and of pleasant and agreeable manner. For years she was Secretary and Treasurer of be Women's Christian Temperance Union of Bellefonte. She was also at one time Regent of the Bellefonte Chapter Daughters of the American Revolution.

The funeral will take place Monday morning at 11 o'clock. Rev. William Laurie will conduct the services. Interment in the Union cemetery.

The funeral took place Monday morning at 11 o'clock from her late residence on West Curtin street. There was a large attendance of sorrowing friends and neighbors who gathered to pay a last tribute of respect to the memory of the departed. There were many beautiful floral tributes gathered about the casket. Two very beautiful floral emblems were sent by the W. C. T. U., and the Daughters of the American Revolution.

The services which were quite impressive were conducted by Dr. Wm. Laurie, assisted by Rev. Ambrose Schmidt.

The casket bearers were Messrs. Frank McCoy, Frank Montgomery, John P. Harris, John I. Potter, Dr. Geo. Harris, James B. Lane, William P. Humes, Dr. H. M. Hiller.

Interment was make in the Union cemetery.

He was also secretary of the Osceola Water company and a trustee of the Cottage state hospital at Philipsburg. He was prominent in church circles and a few years ago was acting rector of St. Lawrence Episcopal church. Mr. Richards learned the printing trade in the office of the Miners' Journal at Pottsville, Later he was editor of that paper. He was born in England and was sixty-seven years old. His funeral will be held Monday afternoon.

Wed at a Picnic as Thousands Look on.

One of the chief events of the annual outing of the Lawrence County Merchants association at Cascade park Wednesday was the public wedding of John L. Logan of New Castle and Miss Estella Belle Bishop of Shenango township. He is 21 years old and she is three years his junior.

Until they were driven to the park in a closed carriage and were ushered upon the stage of the summer theatre, no one in the vast assemblage knew their identity except the committee in charge and the Rev. W. J. McClintoc, who performed the ceremony.

A THRILLING EXPERIENCE.

Young Girl Bitten by Snake While Seeking Shelter from Storm.

A dispatch from Cammar to the Williamsport Sun, under date of Wednesday says:

Thirteen year old Bessie Steiger, near Pump Station, had a harrowing experience the other night. She went alone into a plateau of more than twenty miles' area to look for a cow that had strayed away. A hard rain came up during the afternoon and little Miss Steiger crept under a ledge of rocks for shelter. In the dim light under the rocks she felt her hand come in contact with a soft, clammy substance, and the next instant there was a sharp sting as if a needle had pricked her in the tip of her thumb. She knew she had been bitten by a snake, and before she could recover the reptil had moved swiftly toward her until it was within a few inches of her face. Miss Steiger, though alarmed beyond description, recognized the snake as a copperhead and fled into the drenching storm, forgetting her former terror at the lightning and thunder, and started on a run along an old timber road in the direction, as she supposed, of her home The rain was falling so that she could see but a few yards ahead of her. But she had lost her bearings and was traveling in a direction directly away from her home. This she did not discover until she had run for nearly an hour. She knew that in that time she shou'd have reached home. The storm continued, though somewhat abated in fury.

Miss Steiger had had presence of mind enough, when bitten by the snake, to do the one thing that saved her life—she began to suck the wound-member, and this operation she kept up unceasingly and with all the vigor her nearly exhausted condition would permit. But her arm became swollen and painful and intense thirst aided by fever and long sucking got hold upon her. She was wet from head to foot, and already, owing to the rain and the lowering clouds, deep dusk began to settle down. She concluded no longer to attempt to reach home, but to search for running water. She left the old road, or path, as it was, and a rod away found a small stream flowing under a thicket alders. On the bank of this stream she sank, almost exhausted and began to drink.

In half an hour she had regained sufficient strength to shout an alarm. She called as loudly as she could and repeated the call over and over, finally resorting to the making of the odd "woodsman's quaver" by clapping the open hand quickly and repeatedly over the mouth. By this time it was dark, though the rain had ceased, and much to her joy, her call was answered, for, as it developed, she had come to a point not more than three rods away from a cabin occupied by a family named Button, though she was nearly six miles from home Her vigorous tratment of the snake bite had won the day and the application of an efficacious home remedy soon put her out of danger from the wound. Accompanied by Mr. and Mrs. Button the girl was taken home. Her parents had gone into the woods to search for her, but a shot or two from a rifle, fired as a signal, soon brought them back. Owing to her experience in the storm, and aggravated by the bite of the snake, the girl became ill the following day so that a member of the family came here for medicine.

KILLED AT SNOW SHOE.

Frightful Accident in the Mines on Last Wednesday.

Harvey Lorrah, of Snow Shoe, Pa., last Wednesday, Aug. 8, met with a horrible death in Kelly Bro's coal mines. While bringing a string of eight loaded cars out of the mines, in some way the front car of the string left the rails and knocked the props out from under the overhead which let several tons of dirt and rock down. The fall pinned him fast to the side of the car so that he was unable to move. Other employees in the mines heard his cries and summoned help. After working for eight hours moving earth so that they could reach the man another fall of about 40 tons of rock followed and crushed his life out. The men who were removing the earth were so close to him that before the second fall of rock they could talk to him, but owing to the fact that he was pinned between cars which were loaded with coal and also which were pinned down with rock, they were unable to remove him. Harry Lorrah was aged 33 years, 4 months and 28 days; leaves to survive him his wife, Sadie Lorrah, of Snow Shoe and five children, also his father and mother, Mr. and Mrs. Geo. Lorrah, of Snow Shoe; two brothers, Barton and Geo. of Moss Creek, Cambria Co.; and four sisters, Emma, Lydia, Mabel, Olive, all of Snow Shoe. The body was turned over to undertaker Osman, of Snow Shoe, who prepared it for burial. The funeral took place from the Methodist church, Friday at 2 o'clock, Rev. Schugart officiating, and was one of the largest held in that section for some time.
